## Dr. Tolmie Sailing For London; Has B.C. Oriental Statistics

Victoria's Minister in Federal Cabinet Leaves Next Week With Premier Meighen For Imperial Conference; Will Fight Against Embargo On Canadian Cattle.

Hon. S. F. Tolmie, Minister of Agriculture, and Federal member for Victoria, will leave Ottawa for England on Tuesday in connection with the Canadian cattle embargo. It is assumed that while the Imperial Conference is taking place Dr. Tolmie will also represent the views of British Columbia agriculturists who claim that their livelihood is being menaced by competition of Oriental farmers here.

Hon. Dr. Tolmie's decision to go to England appears to have been made only within the last couple of days, as in a recent message here he expressed a doubt.

C. E. Whitney-Griffiths, a secretary of the Farmers' Institutes, who have been urging the need of B. C. representation in London during the Conference have been trying to induce the Hon. Dr. Tolmie to go because he is declared to be one of the most thoroughly informed men on agricultural and general conditions here. Anglo-Japanese questions will be taken up at the Conference. British Columbia farmers want restriction of Japanese immigration, along lines similar to the demands of California against the Yellow Peril, so that the land-holdings of Orientals will not go on increasing. There are indications that in handling the new treaty with Japan, England will give consideration to the anti-Japanese claims of Canada and Australia.

The Ontario Government has been working on the embargo question for some time, but with no result, although the Hon. Manning Doherty, Minister of Agriculture of that Province, made a trip to England to fight the British embargo.

Hon. Dr. Tolmie will travel to England with the Rt. Hon. Arthur Meighen, Prime Minister of Canada. Japanese Increase Startles. Figures compiled by British Columbia to assist the Dominion Government and the Hon. Dr. Tolmie in his anti-Oriental fight in England have just been issued by the Provincial Department of Health here. They show that the birth rate of Japanese in British Columbia has increased tremendously in the last ten years. Chinese births show only a small increase in percentage.

## PEOPLE TO GET LIQUOR PERMITS

Board Takes Steps to Eliminate Crowding Next Week

Everything was cleared to-day in the well finished and bevelled-glass offices of the Pither & Leiser warehouse, Fort and Wharf Streets, for the sale of liquor Monday morning. Permits are being placed on sale Monday, although liquor selling does not start until June 15, so that persons who want to make sure of their supply on the first few days of liquor sale will not be held up in the opening rush.

Three clerks will handle the crowds which line up to get their permits next week. They were to-day instructed in their duties so that they can handle the maximum number of persons during the hours the office is open.

**Must Sign Application.** When a person lines up for his permit he or she must make out an application giving name, address and occupation.

Then the applicant signs the form, which says:

"Being of the full age of twenty-one years, I hereby apply for a permit to purchase liquor in accordance with the provisions of the Government Liquor Act and regulations made thereunder."

**Two Kinds of Permits.** Two kinds of permits will be sold on Monday. One is the \$5 permit which entitles the purchaser to buy all kinds of hard and soft liquors. The \$5 permit is restricted to the purchase of malt liquors.

The permit says: "This is to certify that . . . has made application in the prescribed form and is entitled to purchase liquor for beverage, medicinal or culinary purposes in accordance with the provisions of the Government Liquor Act and regulations made thereunder."

"This permit is not transferable. The purchaser as well as the vendor has to sign the permit."

For malt liquors only the word "malt" is inserted before "liquor" in the permit.

(Concluded on page 2.)

## 35,000 CHURCHES IN UNITED STATES NEED PASTORS

Asbury Park, N. J., June 4.—Thirty-five thousand churches in the United States are without pastors and only 1,400 ministers will graduate this year from theological seminaries to fill these places, declared Rev. Dr. William D. Brown last night at the annual synod of the Reformed Church of America.

## WAR CASUALTIES OF GERMANY PUT AT 6,888,982

Berlin, June 4.—Germany's casualties in the world war were placed at 6,888,982 by Commander S. Bainbridge, of the United States Medical Corps, in an address before the Association of Military Surgeons of the United States here.

According to Commander Bainbridge's tabulations, the German losses were divided as follows: Killed in battle, 1,531,148; missing, 991,340; wounded, 4,211,481; died of disease, 155,013.

## CABINET CRISIS NOT SETTLED IN AUSTRIA YET

Vienna, June 4.—The Austrian Cabinet crisis precipitated by the resignation of Chancellor Mayer on May 30, because the Styrian Provincial Diet had passed over his protest, a measure for a plebiscite on the question of fusion with Germany, continues to excite great political interest. The seriousness of the situation has been aggravated by the refusal of the Christian Socialists to hold office in the new Cabinet. This party supported the Styrian Diet in its plebiscite decision.

## Premier Oliver Back From Eastern Mission

Premier Oliver arrived back from Eastern Canada on this afternoon's steamer from Vancouver and proceeded at once to his office in the Parliament Buildings, where he dealt with correspondence which had been held pending his return.

"I have absolutely nothing to say regarding the Pacific Great Eastern, for I am in a position where I cannot talk about it," he said. "For me to say that I discussed the matter with Premier Meighen and Hon. J. D. Reid is going too far, for it was not a discussion. They merely made it very plain to me that there was no use discussing any such proposition at present."

Asked if there were grounds for a rumor that private eastern capital might be interested in taking over the Government system, the Premier did not deny the possibility, but shelved the question by saying he was not in a position to say anything about that.

**Liquor.** While in Ottawa the Premier laid before Premier Meighen and Right Hon. C. J. Doherty, Minister of Justice, a formal request, complied by the British Columbia Attorney-General's Department for federal legislation to supplement the British Columbia Government's Liquor Control Act.

After a discussion, the Ministers took the position that no supplemental legislation was necessary and declined to make any move along the lines suggested by Hon. J. W. D. Harris, one of the British Columbia suggestions was that Dominion legislation be passed prohibiting the present system of liquor importations from other provinces, which would have given the British Columbia Government a monopoly. This idea was not entertained by the Federal authorities.

Mr. Oliver was asked with regard to the new liquor duties. "Premier Meighen certainly did not take me into his confidence in advance of the budget," he said, "and I did not ask him to. What interests me in this regard is where the Dominion gets its power to tax the Province on this property, and I understand that its right is to be contested to the fullest extent."

Mr. Oliver would not comment on the recent discussion of the sale of the Campbell warehouse in Vancouver to the Liquor Control Board. The transaction, he said, had been concluded during his absence, and the first he had heard about it was by a long distance telephone message from a Toronto newspaper. As he knew none of the details of the controversy he would say nothing.

**P. G. E. and Taxation.** One result of Premier Oliver's visit East is that the Ottawa Government has agreed to refund all monies it has taken in sales taxes on government purchases. "We took the ground that they had no power to tax the property of the province," he said, "and this was admitted," said the Premier.

"On my return to Victoria I propose to ask legal advice as to whether the P. G. E. is liable to Dominion taxation or not. If it is, I propose to cease operating under the private charter, and have the government operate the road as a government road. This will save the collection of duties and the sale of purchases of equipment and supplies."

Mrs. Oliver accompanied the Premier on his return to the city.

## THREE DROWNED NEAR HALIFAX

Halifax, June 4.—Three men were drowned when an unidentified American mackerel seiner collided with a small boat near Sambro, off Halifax Harbor, Wednesday night. Details are lacking.

## AT VLADIVOSTOK.

Vladivostok, June 2.—General Semenovoff, the Cossack anti-Bolshevik leader, arrived to-day on the steamship Shodo Maru.

## Province's Health Good, Says Hon. J. D. MacLean

Unremitting the battle against disease, and it is a matter of pride with Hon. J. D. MacLean, Minister of Health in the Oliver Government, that the death rate from infectious diseases in British Columbia has been cut to a remarkably low figure. To the Times Hon. Dr. MacLean stated that the death rate among children in Victoria and Vancouver is the lowest in Canada, being 55 per 1,000 (for 1920), which is the nearest approach to what is looked upon as a standard, namely, that of New Zealand, where the death rate is 50 per 1,000.

During 1920 in British Columbia 893 children under one year of age died. This included 270 children still-born. Of this number 700 per cent. died from preventable causes. In other words, 536 babies

## BIG PARADE FOR MEMORIAL MARCH

Tribute to Fallen Heroes at Services To-morrow

A patriotic parade in honor of the fallen in the Great War and previous combats in which the country has taken part will be held to-morrow prior to the special memorial service which will be conducted at Christ Church Cathedral grounds.

A squad of Royal Canadian Mounted Police will head the parade, which will fall in at 1:30 o'clock in front of the Veterans of France headquarters on Douglas Street, and thence to the Cathedral. The parade will march off at 2 o'clock.

A large number of ex-service organizations, public bodies and societies will be represented in the parade, which will take the following order: Royal Canadian Mounted Police, Band and pipers, First Canadian Scottish, Standards, White Ensign and Union Jack.

Royal Naval Brigade with band, Royal Naval College, Cambridge, Salvation Army Band, Veterans of all organizations.

**May Wear Uniforms.** District officers contain notice that ex-C. E. F. officers and other ranks are permitted to wear uniforms for the purpose of attending the parade and memorial service to Christ Church.

An invitation is also extended to all ranks of the permanent force to attend.

**For Roman Catholics.** In co-operation with others, a special Roman Catholic memorial service will be conducted by Rev. Father Wood at St. Andrew's Cathedral, commencing at 11 o'clock, and at the close two buglers from Work Point will sound the "Last Post." A collection will be taken in aid of relief funds.

**L. O. D. E. Members.** All members of the L. O. D. E. are requested to attend the memorial service to be held in the grounds of Christ Church Cathedral on Sunday afternoon. Standard-bearers will be present at 2:15.

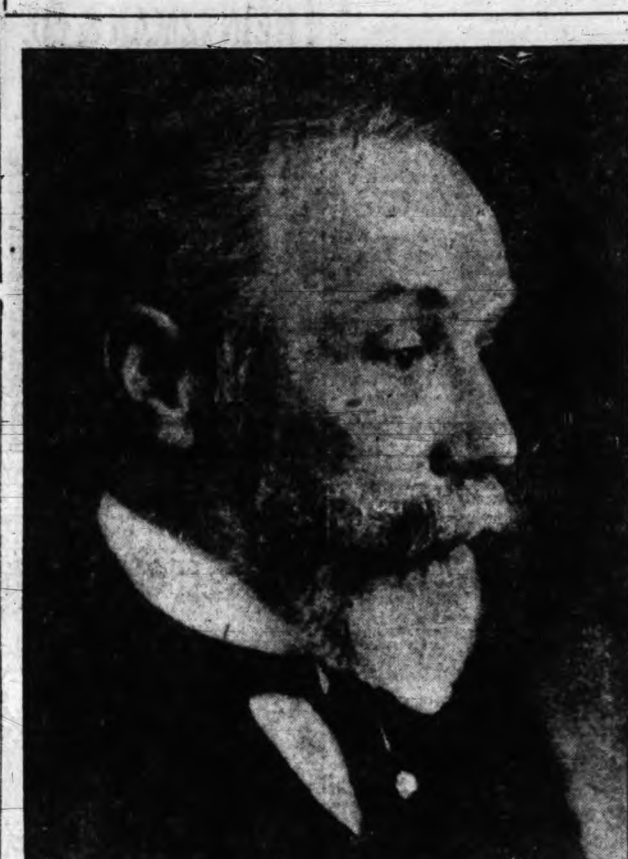

## GERMANS BUSY IN NEWFOUNDLAND RAILWAY LOSSES

St. John's, Nfld., June 4.—Abandonment of Government operation of the Newfoundland railway system was announced yesterday. The Railway Commission, consisting of three Commissioners appointed by the Cabinet and three by the Newfoundland Company, owners of the system, will be dissolved on June 30, and the railway will be returned to the company for operation.

The company sustained a loss of nearly \$1,000,000 in its operation of the system for the year 1920, and it is estimated that the loss for the current year under Government control will be greater. Officials of the company declared that it was impossible to operate the railway under present conditions without substantial financial help from the colony, but made no announcement of future plans.

**S.S. PRESIDENT HARDING.** New York, June 4.—The former German passenger liner Kaiser Wilhelm II. has been renamed President Harding. It was announced to-day by officials of the United States Mail Steamship Company.

## DISTINGUISHED BRITISH PARLIAMENTARIAN DUE SUNDAY; RT. HON. J. W. LOWTHER

## Arriving To-morrow, Mr. Lowther to Speak Monday

Rt. Hon. James W. Lowther, M.P., former Speaker of the British House of Commons, Mrs. Lowther and their daughter will be entertained by His Honor the Lieutenant-Governor, Walter C. Nichol, at Government House during their stay in Victoria. Immediately after their arrival here to-morrow morning they will proceed to Government House.

On Monday at noon Mr. Lowther will address a luncheon meeting of the Canadian Club in the Empress Hotel ballroom. It is understood that his address will deal with problems facing the British Empire and the relationship between the nations composing it. A large number of members of the men's and women's Canadian Club will hear his speech.

Mr. Lowther's visit to Victoria will be short, as his party will leave for Vancouver Tuesday. To-day he is in Vancouver, where he addressed a meeting of the Vancouver Canadian Club at noon and was entertained by B. C. Institute of Journalists last night.

**A Striking Figure.** Rt. Hon. James William Lowther, P.C., L.L.M., D.L., D.C.L., LL.D., the man, at once impresses one with the conservatism he has firmly stood for all his life. His manner is suave, assured and extremely dignified, enhanced by his stature, considerably above the average—his Van Dyke beard and white hair.

**Long Parliamentary Experience.** Educated at Eton, King's College (London) and Trinity College, Cambridge, where he took honors in classical and law tripos, Lowther was admitted to the bar in 1879 and became a member of the Inner Temple. In 1883 he was elected Conservative member of Parliament for Rutland, afterwards being elected for the (Concluded on page 2.)

**Church Union.** Toronto, June 4.—Discussion of the question of church union will be resumed by the Presbyterian General Assembly here on Monday. It was debated yesterday, but when adjournment was made at 5:30 p. m. no vote had been taken, and so the subject was put over to next week.

A resolution offered by Rev. Dr. J. W. Clark of Westmount, declared that this General Assembly should take such steps as may be deemed best to consummate organic union as expeditiously as possible.

On the other hand, a proposal put before the Assembly as presented by the amendment of Rev. D. J. Fraser, of Montreal, declared that it was the expression of previous Assemblies that union of churches, to (Concluded on page 17.)

## FOREST FIRES.

Fredericton, N. B., June 4.—All forest fires in New Brunswick are now under control.

## Britain-United States Airship Flight Planned

Bedford, Eng., June 4.—With her new name Z-R 2 on her sides, the mammoth British-built dirigible airship hitherto known as the R-H-38, which has been purchased by the United States, is receiving the final coat of aluminum paint and a small army of workmen is hurrying the completion of other details in preparation for turning her over to the United States naval crew which is to fly her across the Atlantic. Only about four days' work will be required before the proving flights to test the ship's stability and "seaworthiness" can be held. These trials are expected to take another week. If the dirigible is then pronounced fit by the British builders, all will be in readiness for the crew, now at Howden, to take over the craft and begin their trials. These may be held at Neardington plant of the Royal Airship Works, near here, or at Fulham, where the United States fliers are desirous of

## List of Deaths in Colorado Disaster May Mount to 3,000

Flood Swept Town of Pueblo and Estimates of Deaths Vary Between 1,500 and 3,000; Property Loss Exceeds \$10,000,000.

## FLOOD DISASTER GREATEST SINCE JOHNSTOWN FLOOD

The loss of life in Pueblo, Colorado, recalls the great Johnstown flood in Pennsylvania, May 31, 1889. In that disaster 2,205 persons lost their lives and the property damage was \$10,000,000.

## Cloudbursts Were Followed By Overflowing of Rivers

Hundreds of Families Lost All Their Possessions.

Waters Are Reported to Be Receding This Afternoon

Pueblo, Colo., June 4.—(Associated Press)—The loss of life from the great flood which came rushing upon the city of Pueblo from the overflowing of the Arkansas and Fontaine Rivers last night, at 1:45 o'clock this afternoon was variously estimated between 1,500 and 3,000 persons. The property loss will exceed \$10,000,000, according to estimate made at this hour.

Pueblo, June 4.—(Associated Press)—At 4 o'clock this morning the Fontaine River had washed out all of the bridges, uprooted the tracks, railroad and trolley, had made wire communication out of Pueblo impossible. When the flood began to recede to-day the great damage was disclosed. Hundreds of families lost everything they had in their escape from the onrushing waters.

Identification of the dead is a slow process just now. Water to a depth of six feet flooded practically all of the important business and financial houses of the city.

## GERMAN CABINET UPHELD ON VOTE

Chancellor Wirth Finds Support in Reichstag

Berlin, June 4.—The Reichstag to-day voted confidence in the government of Chancellor Wirth. The vote was 213 to 77, with 48 members not voting.

Berlin, June 4.—As a result of inter-party conferences, the Cabinet led by Dr. Joseph Wirth, was expected to become the beneficiary of an indirect endorsement by the Reichstag to-day. This was looked upon here as an eleven-hour escape from what threatened to be a disavowal of the new resolution introduced by the present coalition approving the Government's programme of treaty fulfillment.

The result of this is that the Wirth Cabinet, will by indirect action, receive the Reichstag's approval for the time being, although its course will be marked by stormy passages and possible defeat.

## MADE-IN-FRANCE TRAIN TO TOUR THIS COUNTRY

Ottawa, June 4.—A warm welcome for the Trade Mission from France which is expected to arrive in Canada June 25 was urged in the Senate last night by Senator Beaulieu. The Senator explained that the purpose of the mission was to inaugurate the "Made-in-France" sample train which will tour the Dominion a few weeks later.

**No Looting.** The Colorado State Rangers, under command of Colonel Pat Hamrock, have taken charge in the city to prevent looting and to establish as soon as possible temporary shelters for the hundreds of homeless people. The greatest suffering is reported from the Grave district, in Pueblo, a section inhabited mostly by foreigners and steel mill workers.

**Wire Service.** Wire communication with Pueblo is being re-established slowly. The far the telegraph and press wire service has been irregular and most of the traffic over the big commercial company lines has consisted of state official business. Denver officials predict, however, a service close to normal within forty-eight hours.

**Rain.** Rain was still falling this morning in Northern Colorado and Southern Wyoming, but it had ceased in other parts of the area. After what is characterized as the heaviest June rain in this city in twenty years last night, Denver to-day is going about its business under sunny skies. Weather forecasts indicate continued showers for Denver and the eastern slope of Colorado, while unsettled conditions are predicted for the western slope.

Denver, Col., June 4.—First information that there had been loss of life at Pueblo in the flood came this morning. On a report from railroad sources, word that "bad news" had been received, said that "considerable loss of life and property" while a telegram to The Denver (Concluded on page 2.)

## A Suggestion for Saving

**C**ASH in the pocket encourages careless spending. You will find it much easier to save if you keep your "Spending" money in a Savings Account with The Bank of Toronto. There it is safe and can be drawn upon when really needed.

A reluctance to draw from that account will grow upon you, and protect you from many needless expenditures.

Once the saving habit is acquired, the account, with its earnings of interest, will steadily grow to a substantial amount.

Many young men and women are working on this plan to advantage. We invite you to try it by opening a Savings Account to-day.

**THE BANK OF TORONTO**

Capital \$5,000,000. Reserves \$6,986,354.

# Disruptive Forces at Work To Split the Allies

The flare-up over the Silesian episode revived, for a moment, at least, the persistent German dream of a break in the Entente; and at the same time it brought to the press of the Allied and Associated nations a sobering realization that the failure of France and Great Britain to reconcile their conflicting interests might fan into flames the smoldering hatreds of Europe. Thus, immediately after Lloyd George's flat-footed demand that France and Poland curb Korfanty in Silesia, a Berlin correspondent of the New York World announced "on high authority" that "a beginning has been made toward a rapprochement between Great Britain and Germany, directed against French aggression in the Ruhr and Silesia." Business competition inspired the Anglo-French friction over Silesia, thinks the Springfield Republican, which remarks that "it is plain that the British business world, while it favors the claim of France to a large indemnity, is opposed to a Franco-Polish monopoly of the coal of Europe." The Pittsburg Leader hints at French plans for a war on Russia, in which case France would find a strong Poland and invaluable ally.

The leading article in THE LITERARY DIGEST this week, June 4, presents European and American public opinion upon the Silesian question, and a reading of it will enable the reader to obtain a clear idea of all of the points at issue.

Other news-articles in this number of "THE DIGEST" that will enlighten and entertain are:

## TRIBUTE TO DUKE OF DEVONSHIRE

Address Presented by Dominion Parliament

Ottawa, June 4.—The text of the address to the Duke of Devonshire on the occasion of his period as Governor-General of Canada passed unanimously by the House of Commons yesterday follows:

"May it please Your Excellency: We, His Majesty's dutiful and loyal subjects, the Commons of Canada, in Parliament assembled, well for ourselves as on behalf of those whom we represent, beg leave respectfully to convey to Your Excellency an expression of the deep respect with which the country has learned of the approaching conclusion of your official connection with Canada."

"We beg to assure Your Excellency of the deep appreciation with which we have witnessed your unflinching zeal and devotion in the discharge of the duties devolving upon you as His Majesty's representative in this Dominion. We recall that it was in the midst of the tremendous struggle from which the Empire has victoriously emerged that Your Excellency assumed office. We thankfully remember the value of your services to the country during days of storm and stress, as we gratefully acknowledge their worth during the difficult period of consequent readjustment."

Much Travel.

"Your Excellency has by travel acquired a wide and deep knowledge of the country and shown a sympathetic understanding of the ideals and aspirations of its people, and we beg leave to assure you of our appreciation of your interest and advocacy of every national cause and your spirit of self-sacrifice and education."

"The knowledge and understanding of your services would be incomplete without an expression of our sense of the gracious part taken by Her Excellency the Duchess of Devonshire and by your family in the various duties attending your office."

Her Excellency's name will ever recall to the people of Canada all that is dignified in an exalted station, and the remembrance of yourself and your family everything that is lovely in private life.

We venture to hope that when

Your Excellency resigns your trust into the hands of the King, you will assure His Majesty of the unaltered loyalty and devotion of the Canadian people to His Majesty's throne and person, of their abiding affection for the Motherland, and of their firm resolve to maintain and strengthen the ties which bind together His Majesty's Dominions."

In bidding farewell to Your Excellency, to the Duchess of Devonshire, and to your family, we beg leave to express our warm wishes for your future welfare and happiness."

Later the Senate concurred with the Commons in the address.

**CIVIL SERVICE BILL APPROVED**

Ottawa, June 4.—Objection to giving the Civil Service Commission to say whether it was "in the public interest" to withdraw certain classes of appointments from being filled by the present competitive system employed under the Civil Service Act, kept the Commons busy on the Spinney Bill amending the Civil Service Act for several hours yesterday. Afternoon and evening. The bill eventually was given third reading.

Two amendments were adopted, one by Hon. E. K. Spinney that the Commission be required to report to Parliament at the beginning of each session, showing the positions struck off the list. The second, by Hume Cronyn, London, that returned soldiers be given preferential treatment.

**Liniments Won't Relieve Pain Between the Eyes**

That pain is not rheumatism or neuralgia. Many folks think so—it is due to Catarrh, plain ordinary Catarrh, and needs attention right now. Catarrh is the name of a wonderful invention that is daily fixing up chronic cases of weak throat, bronchitis and catarrh. Every breath through the inhaler is laden with soothing, healing substances that destroy all diseased conditions in the breathing-organs. It can't fail to help, because it goes where the trouble really exists, and doesn't attempt to cure an illness in the head or throat by means of medicine taken into the stomach. There is no sufferer from a grippy cold or any Winter ill that won't find benefit in Catarrh, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands. Large size lasts two months, and costs \$1.00. Small size 50c, sample size 25c, all storekeepers or the Catarhose Co., Montreal. —Adv.

## Miss Ella Johnson Tells How Cuticura Healed Pimples

"My trouble began as small pimples and in a few months they got worse and my forehead was just a mass of large pimples. They were hard and red and caused me to scratch, and I was disgraced for the time. They made me embarrassed when out in company. I triedassarfas but it was of no help. I sawa Cuticura Soap and Ointment advertisement and sent for a free sample. After using them I bought more, and when I had used one cake of Cuticura Soap and one box of Cuticura Ointment for about a month, I was completely healed." (Signed) Miss Ella May Johnson, Box 65, Camas, Idaho, March 9, 1920.

Cuticura Soap, Ointment and Talcum promote and maintain skin purity, skin comfort and skin health when all else fails.

See 25c. Ointment 25c. and 50c. Talcum 25c. Sold throughout the Dominion. Canadian Depot: London, Limited, 249 St. Paul St., Montreal.

**LABOR MEN TO MEET IN DENVER**

Annual Convention of American Federation

Denver, Colo., June 4.—A general inventory of the world-wide labor movement will be taken when the American Federation of Labor holds its annual convention here this month, according to an informal outline of the tentative programme of the convention, made public by Ed. Anderson, secretary of the Colorado Federation of Labor.

Delegates to the convention, Mr. Anderson said, will include fifty representatives from Canada, England, Japan, Mexico and Porto Rico. These, with more than 1,000 delegates from the United States, will attempt to determine the exact status of labor, it was said.

One of the questions that will receive much attention, it was stated, is the recent reduction in the wages of railroad employees.

**IRON WORKERS IN MONTREAL STRIKE**

Montreal, June 4.—Several hundred structural and ornamental iron workers employed by the Dominion Bridge Company have gone on strike because they were asked to accept what they called an extreme cut in wages. In a statement issued to the wage earners, it is stated that the company is seeking by continued cuts in wages from time to time to bring down wages to the 1913 level, or thirty or forty cents an hour. The men claim married men cannot live on this wage.

**DUBLIN FIRE SET BY SINN FEINERS**

Dublin, June 4.—The national shell factory, which was established during the war for the manufacture of ammunition for the British army, was set on fire at 6.30 o'clock last evening, but owing to the efficiency of the fire brigade and the assistance rendered by troops, the fire was eventually called at a late hour. A quantity of stores was destroyed, but the repair shops were saved. At the outset it looked as though the factory would be completely destroyed.

The manufacture of shells on the premises was discontinued some time ago, but inside the building were large quantities of military stores and automobiles. The factory adjoined the military park and the gate was strongly guarded.

**CHEAPER FOOD FOR MONTREAL PEOPLE**

Montreal, June 4.—Potatoes were quoted at 60 cents a bag yesterday at Bonsecours Market, less than one-tenth of what was asked in May, 1920. Meat figures also are declining owing to the large stock merchants have on hand, say the butchers, and the increasing quantities of mutton which are being brought into Canada from New Zealand.

**IRISH PROBLEM.**

London, June 3.—Replying to T. P. O'Connor in the House of Commons yesterday, the Colonial Secretary, Winston Spencer Churchill, stated that while the question of Ireland was technically a matter domestic to the United Kingdom, the Government would raise no objection if the conference of overseas premiers, to be held here this month, expressed a desire that it be included in the agenda.

**WAGE AGREEMENT.**

Montreal, June 4.—After a strike lasting since May 1, the 100 employees in the stone cutting trade in Montreal have accepted the scale of wages offered them last March. Rates agreed upon are 75 cents an hour for stone cutters and 50 cents an hour for machine operators, to be in force until May, 1922.

**FOUR HELD.**

London, June 4.—The eighteen auxiliary cadets charged with looting in Antrim, February 9, whose trial opened in Dublin on Saturday last, were acquitted by the court-martial yesterday. Four of the men, however, the being held for trial in connection with charges arising from a subsequent raid.

**HOTEL RATES.**

Spokane, Wash., June 4.—Action to compel reductions in hotel rates in Washington, Oregon and British Columbia, where war-time prices are maintained, was endorsed at the 23rd Grand Council of the Northwest United Commercial Travelers of America in session here yesterday, after the legislative committee had brought in a recommendation.

## ENGRAVERS WILL DISCUSS WAGES

New York, June 4.—Settlement of the newspaper photo-engravers' strike was accomplished when publishers and engravers signed an agreement which involved negotiation of a new wage contract. The engravers will return to work under the old conditions pending its presentation. The engravers, who went out June 1, demanded a flat increase of \$8 on a 44-hour week. Under the existing scale, night workers receive \$60 a week and day workers \$55.

## Country Water Problem Solved

All the comforts of a city home with hot and cold running water can be had on a farm or ranch, or any remote country district residence. Just imagine for a moment on a cold winter's day, carry the water from the well to the house in buckets in the old-fashioned way. With our system this is done away with.

## THE NEW GOVERNOR-GENERAL.

Lord Byng's appointment as Governor-General of Canada in succession to the Duke of Devonshire will meet with popular approval in this country, because there already exists a bond of intimate relationship between the gallant soldier and the Dominion. As Sir Julian Byng he commanded the Canadian Corps with conspicuous success during some of its most brilliant achievements in France and Flanders and was generally popular with his command. Subsequently he covered himself with glory as commander of the Third British Army whose splendid resistance to the German onrush in the Spring of 1918 unquestionably averted a catastrophe. Lord Byng has not been a public figure in a political sense, but lack of experience in this respect should not prevent him from becoming a very successful and popular representative of His Majesty in Canada. He is a man of quick intelligence, and of much personal charm, and these with his fine record as a soldier will make him an exceptionally attractive and interesting figure in the public life of this Dominion.

## A FAMILY GATHERING.

Next Monday's gathering in the interests of British-American amity will be a practical step towards the removal of an imaginary collection of misunderstandings which have faded into the filmy vapors of nothingness as soon as the thinking people of the two countries meet on common ground. At the same time the gradually increasing demand for something more tangible than the bond of tongue and custom is a healthy development of mutual trust and respect that should not be permitted to pass without a very definite endeavor to capitalize it for its own value and for the value of its effect upon the rest of the world. In season and out of season it has been argued and rightfully argued that the United States and the British Empire stand for peaceful evolution and justice for all mankind. Both nations represent a common ideal. The fundamental institutions which automatically bind them together are of one origin. Peace between the two nations is vital and essential to both. What is there to keep them apart? In the words of the British Ambassador at Charlottesville the other day there is nothing to delay their co-operation in a determination to prevent the world from unnecessary war except "ignorance of each other's ideals and aspirations and suspicion that is the child of ignorance." It is on the assumption that good work can be done that has prompted the gathering scheduled for next Monday. Its success already is assured.

## BRITISH MEMBERS' PAY.

In spite of all the support given to the proposal and the favorable report by the committee entrusted to deal with the matter a free vote in the British House of Commons yesterday resulted in the rejection of a recommendation to increase the parliamentary indemnities as well as the defeat of a suggestion that sessional pay be exempted from income tax. Two thousand dollars per annum is the amount paid to a member of the British House and he is expected to be in attendance at Westminster for the greater part of the year and foot the bill for all his travelling expenses involved by frequent visits to his home and constituency. The failure to bring in a new scale of payment would seem to provide another argument for the decentralization of authority by the establishment

of the Federal system of Government in Great Britain. Many private members come from North of the Tweed for the express purpose of dealing with local problems which are Greek to nine-tenths of their colleagues and could be settled by local Legislatures in half the time and in a more intelligent manner by reason of the greater interest and understanding of local requirements. Two or three Legislatures in England itself would relieve the tremendous congestion of business at Westminster and leave the "mother of parliaments" free to deal with matters of international urgency in which the consolidation of national sentiment could be brought about where necessary by conference procedure. But to keep men at Westminster whose presence there has little to do with the chief functions of the British House is to impose an obligation which is altogether too costly at four hundred pounds per annum.

## MORBID MISSIONERS.

Although the world is doing its best to struggle through a crop of troublesome legacies that it would have thought impossible to penetrate ten years ago there is a gentleman in the City of Vancouver who takes advantage of Sunday evening tranquility to dispense his gloomy prophecies by the hour. To cheer the wayfarer on life's highway he has just announced a series of seven lectures which he has severally entitled as follows: A noisome and grievous sore; The five oceans turned into blood; All rivers and springs turned to blood; The sun to scorch men with great heat; Europe to be plunged into supernatural darkness; The final extinction of the Turkish Nation; World-wide war, with the total destruction of all armies. Morbid curiosity will be responsible for the gathering together of those who look for happiness through manufactured misery. The soured in-life and the general objectors to everything are wont to regard these sort of missioners as Heaven's appointed. But it is to the honor and everlasting glory of the British race that the vast majority see more in the simple teachings of the Creator than in the sensational screechings of the theological crank.

## ABOLISHING THE COMMISSION.

Considering the value of the work done by the Commission on Conservation the reasons advanced by Sir James Loughheed in the Senate for the Government measure abolishing the Commission are almost childish. These were the "intensity of the rivalry" existing between the Commission and the other departments and the duplication of work involved by the Commission's activities; so to put an end to them the Government has abolished the Commission. If the Government took this means of ending all the inter-departmental rivalry which exists at Ottawa it would have to abolish many of the most useful branches of the country's service. Surely it ought to have been possible to correct the difficulties existing between the Commission on Conservation and the Department of the Interior, for example, without abolishing the Commission, which, in many respects, has been of greater use to the country as a whole than the Department of the Interior.

The campaign of education initiated by the Commission for the preservation of our resources, both human and national, has been of inestimable value, filling a want which was more pressing in this country than in any other place on earth.

Of course, the activities of the Commission brought it into conflict with powerful interests seeking to obtain for their own selfish purposes a stranglehold on the country's resources. We recall its successful fight in Parliament against a scheme fathered by influential elements in New York to obtain control of the water powers of the St. Lawrence to the detriment of Canadian interests.

The Commission has been throughout a vigilant guardian of the public interest and there is a strong suspicion that its vigilance in this respect is the chief reason for its abolition. Is it only a coincidence that the abolition of the Commission has synchronized with the launching of another project in New York

for obtaining control of the water powers of the St. Lawrence for the development of electrical power?

## THE LATE MR. SMITH.

In the passing of Mr. James McB. Smith that valiant band of pioneers upon whose shoulders devolved the task of blazing the trail in this Province has lost one whose career was a chapter of faithful service and good citizenship. For more than thirty years the late Mr. Smith served the Government of British Columbia in an important capacity and when the penalty of age obliged him to relinquish his office he was able to look back upon a record of public service of which he could well be proud. By virtue of his residence in this part of Canada for more than half a century he was permitted an intimate acquaintance with many of those with whom British Columbia's evolutionary processes remain in indissoluble association. It was the part which he was privileged to play in the development of the Province which contributed to the value of his citizenship. And in recognizing the regret with which his death will be felt in many parts of British Columbia we add our condolences to those which will be expressed to the immediate members of his family whose loss is the greater.

## HOUSING SUCCESS.

In its proposal to take advantage of the latest housing legislation the City Council has acted wisely. And the soundness of the policy advocated by this newspaper in spite of a long drawn out objection on the part of a number of the Aldermen is reflected in the fact that the total amount of default has not exceeded twenty dollars. On the other hand Victoria has added something over thirty houses to its general assets in addition to at least double that number of contented citizens with a practical interest in the progress and welfare of the community. Not the least gratifying result of the municipality's housing programme is Alderman Sangster's complete conversion and his own intimation that "loans" made under the terms of the first legislation have been satisfactory in every way.

## NOTE AND COMMENT

Sir Oliver Lodge predicts that the recent solar eruptions will be responsible for the production of more sunshine for the balance of the present year. If the effect is felt to any extent in Victoria it will be necessary to revert to standard time unless the population desires to go to bed by daylight.

The gentleman who suggests that the gathering of Empire Premiers should deal with the Irish question has a poor sense of humor. Unless we are greatly mistaken the various representatives from the Dominions will confine themselves to matters with a much less troubled complexion.

## "The stars incline," but do not compel.

## HOROSCOPE

Saturday, June 4, 1921  
 (Copyright, 1921, by The McClure Newspaper Syndicate.)

Saturn dominates this day with kindly power, according to astrology, and Mars is adverse. New discoveries of oil and rare minerals are foretold by the seers.

A movement opposing war is likely to gain headway at this time, but it will be severely arraigned by the press. Engineers and all who do constructive work should profit by this way of the stars. There will be much building, but there will be evil influences at work preventing the best results unless watchfulness is persistent.

Changed in domestic customs, so long prophesied, will be apparent at this time to all who look beneath the surface of things.

Reactionary tendencies stabilizing to society are prophesied and to sanitary precautions should be unremitted.

The stars that encourage the young to self-expression are potent at this time and much precocious knowledge, good and evil, will be apparent. A falling off of the birthrate will be rather difficult for those who are rearing children.

Strikes in shipping and dockyards will mark all the Summer months, and August will be a particularly disturbed month.

Persons whose birthdate it is may expect a steady and successful year. Removals will not be fortunate.

## PHOTOGRAPHERS WANT SHORTER HOURS IN SUMMER MONTHS

Suggest Early Closing on Saturday; Most Studios Agreeable

The Victoria and District Professional Photographers' Association met last evening for their regular meeting at the studio of the president, Wilfred Gibson. Among those present were Messrs. Frost, Wheeler, Fort, Boyd, A. T. Meungens, W. Fox, F. G. Hodsall, J. H. A. Chapman, Harold Fleming, Paine, W. B. Young, W. Gibson, Miss Barton and Miss Foxall.

The association is formed with the object of effecting a general improvement in photography so that the public may obtain the latest and most up-to-date improvements and also to ensure closer co-operation between the members of the craft. The big convention of the Pacific Northwest Association to take place in Vancouver in August has created much interest among members of the local association, as it is expected that it will attend in a body. A movement is on foot to bring the convention to Victoria next year.

A discussion of shorter hours for the Summer months took place, and it is expected that most of the studios will close at one o'clock on Saturday afternoons. The next meeting will be held at Young's studio, Union Bank Building on July 8, and all interested in professional photography, from either the portrait or commercial standpoint are invited to attend.

Many Fire Complaints.—Many complaints of careless lit beach fires reached the police station to-day, in the majority of cases the smoke being the bone of contention, though in one or two incidences actual danger to property was charged.

EPIDEMIC OF DYSENTERY  
 It affects many people more in winter than in summer—in the one case it is due to improper eating—in the other, to congestion excited by cold. A small dose of good old Nellyn repeated a couple of times usually removes the trouble very promptly. If there is pain, relief is almost immediate. For cramps, colic, stomach pains, and the like, Nellyn in sweetened water is certainly a wonder, 35c at all dealers. Adv.

## H. J. OSBORN WILL LECTURE IN JULY

Is Disciple of Late Sir William Crookes

H. J. Osborn, of London, England, an English lecturer and journalist of repute, visiting the Pacific Coast in July, will stay at a few of the principal cities, and may lecture in some of them. He is accompanied by his wife, also widely known as a talented lecturer, both in England and America, by her professional name, Mrs. Jenny Walker. They have, together, just completed a successful six months' lecturing tour in Ontario and in a number of American States, and are visiting Western Canada before returning to England in August.

The subjects of the lectures during the present tour, (a sixth visit to America), resemble those recently treated by Sir Oliver Lodge—various phases of spiritualism and psychic phenomena, including some original lantern lectures, presenting, by full illustration, spirit photographs, spirit materialization and numerous forms of supernatural pictures.

Mr. Osborn was a pupil and convert of Sir William Crookes, England's leading scientific investigator of spiritualism, nearly half a century ago, and is associated with Sir Oliver Lodge, Sir Arthur Conan Doyle, and most of the English psychic leaders.

He is a member of the Association for Psychical Research of Canada, and, in England, a member of the National Spiritualists' Union; lecturer for the British Society for the Study of Supernatural Pictures, and president of the London Central Society for Psychical Research. He lectured on "England and the War" 200 times in Ontario in 1914-15.

In view of his coming visit to the West, Mr. Osborn invites communications from any interested in psychical subjects, so that, if desired, a quite limited number of lectures may be arranged. He may be addressed at 265 Jarvis Street, Toronto, Ont.

## "WHAT IS A SUMMER SCHOOL?"

The question is being asked, "What is a summer school?" As far as this concerns the Summer school to be held in Victoria from July 11 to 15, the answer in part is that a Summer school is a place of training and instruction for church members and workers, especially on the lines of biblical study, missionary, Sunday school and social service effort. The fourth lines of training: spiritual, mental, physical and social are kept in mind in the course of lectures and conferences and other activities provided in the programme. This year sees the eleventh annual series of Summer schools promoted by the Anglican Church in Eastern and Western Canada under the joint auspices of the Missionary Society, the General Board of Religious Education and the Council for Social Service of the Church of England in Canada. Schools similar to that being held in Victoria from July 11-15 will be conducted this Summer in Calgary, Edmonton, Lethbridge, Regina and Winnipeg and at centres in the eastern provinces.

## KINGSTON ST. TENNIS TOURNAMENT STARTS

Interesting Play in the First Round Yesterday; Many Good Players Entered

Yesterday afternoon the handicap tournament of the Kingston Street Tennis Club got under way. Sixteen keen matches were played, and the calibre of play revealed showed that the tournament will provide some exciting and interesting matches before the finals are reached.

The results yesterday were as follows:

**Men's Singles**  
 Parkes (own 30½) beat Wilson, Sr. (scratch), 6-3; 6-2.  
 O'Halloran (own 30½) beat Griffith (own 30), 6-3; 6-2.  
 Witter (own 15½) beat Andrew (scratch), 7-5; 6-1.  
 Swayne (own 30½) beat Speck (own 15), 6-1; 6-0.  
 Hall (own 15) beat Col. Appleton (scratch), 6-3; 6-2.

**Ladies' Doubles**  
 Miss Leighton and Miss Ashdown (own 30) beat Mrs. Foster and Miss List (own 15½), 7-5; 4-6; 6-4.  
 Miss Marquart and Miss Sissons (scratch) beat Mrs. Hall and Miss Fernan (own 15½), 6-4; 6-1.

**Men's Doubles**  
 Parkes and O'Halloran (own 30) beat Griffith and Freeman (own 15), 6-4; 6-4.  
 Swayne and Robinson (own 30) beat Coulter and Wilkinson (scratch), 6-3; 6-1.  
 Speck and Press (own 15) beat McLaren and Col. Appleton (scratch), 6-4; 6-1; 6-3.

**Mixed Doubles**  
 Miss Leighton and Parkes (own 30½) beat Mrs. Shaw and Witte (own 30), 6-3; 6-2.  
 Miss E. Edwards and Robinson (own 30), beat Mr. and Mrs. List (own 15½), 6-1; 6-1.  
 Miss Hunter and Griffith (own 30), beat Miss Severs and Andrew (own 15), 6-4; 6-4.  
 Miss Sissons and Freeman (own 15), beat Miss N. Edwards and Pain (own 15½), 6-2; 6-1.

Mrs. Foster and Coulter (own 15½) beat Miss Ashdown and Wilson, Sr. (own 15), 6-3; 6-1.  
 Miss Piercy and Collis (own 15½) beat Miss Kidner and McLaren (scratch), 6-2; 6-6.

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, June 4, 1896

The Victoria representatives of the Bank of Montreal yesterday purchased from Hon. Amos DeCosmos fourteen by sixty-five feet St. land adjoining the Bank's property at the corner of Government and Bastion Streets. This will give the Bank a frontage of forty-four feet on Government Street for the new building which excavation is now proceeding. This evening at Colquhoun Hall the first of a series of public meetings called in the interests of the Opposition candidates, Mr. Templeman and Dr. Milne, will be held. An invitation to be present at any of the meetings arranged by the Opposition candidates and take part in the discussion, if they so desire, has been extended to Messrs. Prior and Earle, who they get between the ages of 5 and 7 years. Very few mothers know that this is a permanent tooth, the loss of which not only spoils the shape of the jaw, but reduces the masticating capacity of the child to a minimum. It is difficult and not infrequently painful for the child to masticate its food, which in consequence is swallowed whole, a pernicious habit certain to have a serious effect on the child's future life. Space will not permit the enumeration of the diseases and ailments which are directly traceable to defective teeth among children and adults—they are well known to the medical profession, and the cause is not overlooked, among the public, however, great ignorance in this connection still exists. It is the aim of the Red Cross to correct this situation in its every phase.

Sam Kee and Sam (O'Reilly). Ap- vs. R. S. Tount (Shandley).  
 peal.  
 West End Grocery Co., Ltd., vs. C. Simonds.  
 From May Court.  
 B. C. Iron Works, Ltd. (D. P. W. Macdonald) vs. Henshall Fish Products Ltd. (Moresby).  
 Joseph E. Andrews (Arthur J. Patton) vs. Alexander Parker (Frank Higgins).  
 William Purchase (Harrison) vs. Charles J. Harris (Marchant).  
 Exhibition and Bazaar.—The first exhibition of its kind ever held in the city was opened this afternoon by Mrs. J. G. Inkster at the schoolroom of the First Presbyterian Church at 3 o'clock. It took the form of a religious educational bazaar, and included charts showing the curriculum followed by the school and young people's work.

## The Red Cross And Its Work Among the Children

WITH the Red Cross Public Health Movement now being conducted by the Society in all Canada, and particularly with the British Columbia division, it is aimed to strike at the root of all evils, the commencement of which is, quite naturally, more than often found to take place among the children. One of the commonest causes leading to disease, malnutrition, and consequent backwardness of development in children is defective teeth. The crusade against bad teeth among school children is, of course, getting all the attention possible in the cities by periodical examination of school children's teeth, but this movement has but in few cases extended to the rural districts. It is the aim of the Red Cross, in connection with its Public Health Movement in British Columbia, to establish a dental clinic to promote the work of education in oral hygiene among school teachers, parents, and actually take care of and treat the teeth of school children in the outlying portions of this Province.

A movement similar to this has already been taken up by the Red Cross in Nova Scotia. In the Summer of 1920 the Nova Scotia Red Cross Society organized and equipped, paid for and operated a dental clinic and separate caravans which toured the province for forty-eight days. This touring clinic embraced and undertook a great deal more than actual dental work among the children. It included one specialist in the diseases of the chest, one specialist in diseases of the eye, ear, nose and throat, one dentist and two specially trained public health nurses. It is not expected that such a complete organization can be organized and equipped in the very near future in British Columbia, but it is the aim of the society to organize and equip at the earliest possible moment a traveling clinic which will combine at least one specialist in the diseases of eye, ear, nose and throat, one dentist and one trained public health officer of the care of children's teeth cannot be too strongly emphasized.

Throughout all Canada the condition revealed by such inspections as are taking place in public and other schools is really appalling. Following an inspection of school children conducted by the Red Cross in Peel County, Ontario, it was found that 77 per cent. of all the children were suffering from decayed teeth and 12 per cent. had lost the third molar or the tooth they get between the ages of 5 and 7 years. Very few mothers know that this is a permanent tooth, the loss of which not only spoils the shape of the jaw, but reduces the masticating capacity of the child to a minimum. It is difficult and not infrequently painful for the child to masticate its food, which in consequence is swallowed whole, a pernicious habit certain to have a serious effect on the child's future life. Space will not permit the enumeration of the diseases and ailments which are directly traceable to defective teeth among children and adults—they are well known to the medical profession, and the cause is not overlooked, among the public, however, great ignorance in this connection still exists. It is the aim of the Red Cross to correct this situation in its every phase.

## PRINCESS

"Going Up" at the Princess simply lifts you off your feet, and carries you away with its dash and "pop". There is a speedy tempo to the play that carries it straight to the heart, and the music has the swing and go that makes modern music so catchy and hard to forget.

The entire company is doing splendid work, and the acting as well as the singing is done in a manner to delight the hearts of all attending. The leading roles are played by Miss Page and Mr. Coots. Both appear to good advantage. The pretty love scene where Mr. Coots sings, "Kiss Me," to the lady of his heart, is especially attractive. He sings the song beautifully, and the graceful dance

with which Miss Page accompanies the dreamy waltz tune is very well done. Miss Page is wearing some decidedly charming gowns, and Mr. Coots is becomingly attired in aviator togs. He wears them well and he has every reason to, for they have been with him through many daring flights in France.

Mr. Alden as the Frenchman is splendid. Miss Berkeley, Arthur Elton, Lee Jaxon and all the company, assisted by a bevy of charming girls, make the most of what they have to do. Thirty-five dollars to-day awaits any lucky kiddie who has guessed what is in Capt. Kidd's chest.

Next week "All the Comforts of a Home," another big musical show, will be shown. Curtain rises at 8 o'clock this evening.

## ROYAL VICTORIA

Entirely new and strikingly different cabaret scenes were erected by Mr. and Mrs. Carter De Haven for their latest farce comedy production, "The Girl in the Taxi," released by Associated First National Pictures, Inc., and showing for the last time to-night at the Royal Victoria Theatre.

The cabaret sets are unique in structure, and Mr. De Haven, who was desirous of introducing a number of novelties in his latest comedy, spent many days with his staff arranging them. An idea of the cabaret sets may be gleaned from the fact that a few years ago the first of these exquisite pleasure rendezvous, the Jardin de Danse, New York City, took the city by storm. Mr. De Haven was the first person to introduce the novelty. In a short time a nation-wide rage for such places sprang up. It is reported that Mr. De Haven has decided to put up such an establishment as will be seen in "The Girl in the Taxi," in Los Angeles, Cal., for the benefit of tourists.

fire. The leading woman is Lois Wilson, and her work, as well as that of the supporting players, is excellent.

"The City of Silent Men" will be shown at Dominion all this week.

## PANTAGES

Eugene O'Brien, blond, six feet tall, unspoiled possessor of the perfect profile, has recently finished "The Wonderful Chance," his seventh starring vehicle under the Seznick management—the seventh in a little less than a year—and which is announced by the Pantages Theatre as the premier attraction for two days beginning Monday.

O'Brien is a rapid worker. It took him just about three years on the screen to become a star. As leading man to such stellar lights as Mary Pickford, Norma Talmadge, Elsie Ferguson, and Marguerite Clark he quickly won recognition.

However, he had the splendid training of a career on the legitimate stage behind him. Shortly after being graduated from the University of Colorado, his native State, he went on the stage, first as a musical comedy idol, then as leading man to the foremost actresses of the day, among them Ethel Barrymore, Elsie Janis, Margaret Hillington and Fritzi Scheff.

## VARIETY

"If I Were King," the big William Fox special picture which has been drawing crowded houses every day to the Variety Theatre, will be withdrawn after to-night simply because it was not booked for a longer run. Manager Clark declares that he has not been able to accommodate half

those who wanted to see it. "If I Were King," from the great stage success and novel by Justin Huntly McCarthy, is without doubt one of the best photoplays ever presented. It is a credit not only to the Fox organization, but to the motion picture world at large.

## COMING TO ROYAL

Because of the glaring defects in most historical and prehistoric scenes of the average motion picture, scientists and scholars have been prone bitterly to criticize directors.

That such criticism will never be heaped upon the historical scenes of "Man-Woman-Marriage," Allen Holubar's marvelous film production, starring Dorothy Phillips, released by the Associated First National Pictures, Inc., and which will be shown at the Royal Victoria Theatre all next week commencing Monday, is evinced by the startling testimony of Dr. John Adams Comstock, noted anthropologist and scientific director of the Peabody Museum, Boston.

In the construction of the settings of the cave era in "Man-Woman-Marriage," Director Holubar made an exhaustive study of the Neolithic period. Correct rock formations were built, proper costumes and customs were introduced; animals known to have existed at that time were secured; the right vegetation was planted—and the minutest details were observed even to the proper length and wave of the mastodon's hair.

When the scenes were taken Dr. Comstock was invited to attend and offer any criticism which he might think beneficial to the picture. A careful study of the set led the scientist to declare that it could not have been improved on if built under the direction of a group of scholars of the Neolithic period.

## COMING TO DOMINION

Mary Miles Minter will be presented in "The Little Clown," the story of which is adapted from the play by Avery Hopwood. "The Little Clown" is a picture that will appeal to the heart of every child, and it also provides Mary Miles Minter with one of those delightfully entertaining roles which has made her so popular. The other attraction on the bill is Harold Lloyd.

With every ticket sold at the Dominion Theatre next week there is a guaranteed smile of three thousand feet of high-powered electricity of the Harold Lloyd brand. "Now or Never" is the title of the Laughing Special, which pictures the adventures of a youth, a maid, a little girl and other happy, happy, happy characters. "Mildred Davis is the girl, Anna May Wilson the child, and the passengers are the usual tried-and-true Rolin comedians.

## TICKETS ARE ON

## SALE FOR "DANCE"

Plan of Gonzales Gardens Will Be Obtainable Soon

Tickets for "Dance" or the "Birth of Perseus" are now ready for sale. Mrs. Angus Campbell and Mrs. McDermott have perfected an active organization which takes in Victoria and outlying districts. These ladies will proceed to Duncan and other points on Tuesday to complete arrangements for the disposal of tickets in up-island districts. The plan of Gonzales gardens will shortly be on view at Angus Campbell & Co., Ltd., 1010 Government Street, where reservations can be made. Tickets will also be on sale at the Hudson-Bone Building, O'Connell's Ltd., Fletcher Bros., and W. H. Wilkerson.

Mrs. Charles E. Wilson, has made some excellent posters, which call attention to a most striking way to the chief attractions of this classic old fable.

The musical plans are under the direction of Mrs. Gertrude Huntley Green and Miss Moore, (who will play the organ for the performance).

## CANADA'S DUMBELLS HIT IN NEW YORK

New York, June 3.—It was the Western Front that made "Dumbbells and 'put across' Bing! Bing! Bang!" with the soldiers.

It is the Western Front that has made "Bing! Bing! Bang!" go in New York.

Ted Charters, for instance, has a perfectly good policeman skit. It is funny. The policeman's chronic "Have a nut!" which solaces alike the remorse ridden manslaughterer, the distracted mother, and the erring husband, may yet be the catch-word of a continent. True, the skit needs elaborating, and the principal needs different support, but it went well enough in Toronto.

It hung fire in New York. Broadway hardly cracked a smile at it. Broadway has seen all it ever wants to see of actors imitating actors, or burlesquers burlesquing burlesque. So "Just a Policeman" was pigeon-holed after the first night, and in its place came that old favorite the Dumbbells when they were here two years ago—"Kit Inspection."

Kit Inspection may have been such a trite experience with every red-blooded Canadian who could wear putties that the funniest man on earth couldn't raise much more than a smile with it in Canada—in its eighteenth month.

But "Over They've," meaning in New York, it has all the charm of novelty, and tastes as fresh as George Ade's slang did ten years ago. At any rate, all last week audiences "kit" it up.

All through it is the "war stuff" that has got the best "hands" although, of course, the lady-like burlesqueness of those charming "Marie," "Marie," "the Duchess," "Flossie Fuclose" and so on, would carry the show by themselves.

Growing Houses.

"Bing! Bing! Bang!" first-night triumph was no mere flash-in-the-pap. Every night last week saw

larger audiences and audiences that laughed louder and longer.

By Thursday night "Red" Newman had the audience singing, "Oh, Oh, Oh, It's a Lovely War!" both with him and for him.

Friday night Alan Murray got the crowd going so wildly after "Flossie Fuclose" that the Duchess Entertainment had to end, unfinished, amid shrieks of laughter.

## PANTAGES WILL CLOSE FOR SUMMER

To Take Effect on June 11; Theatre Available For Meeting

Pantages Theatre is to be closed for the Summer months, according to the announcement made this morning by Manager Robert Jameson. The theatre will be closed on June 11, although there is a slight possibility that the closing may be postponed until a week later if arrangements can be made to this end.

The closing down for the Summer has been found desirable, it having been found by experience that the warm weather attracts many patrons to outdoor recreation, with the consequent falling-off of the audiences. Manager Jameson has received no definite instruction with regard to the two-day moving picture service, but assumes that this will cease with the vaudeville circuit.

The theatre will be available for rent during the Summer months for amateur performances of meetings, and reservations for this should be made to the manager.

Miss Irene Davis, daughter of a millionaire banker, was arraigned in a Mount Vernon court on a charge of vagrancy and listed as having "no income" when her usual \$2,000 a year allowance from her father failed to arrive.

## WHEN BABY IS ILL

When the baby is ill; when he cries a great deal and no amount of attention or patting makes him happy, Baby's Own Tablets should be given him without delay. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus drive out constipation and indigestion; break up colds and simple fevers and make teething easy. Concerning them Mrs. Desire Theberge, Trois Pistols, Que., writes: "I am well satisfied with my use of Baby's Own Tablets. I have found them of great benefit to my baby when he was suffering from constipation and I can strongly recommend them to other mothers." The Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont. (Adv.)

## NANAIMO HOTEL CHANGES HANDS.

Nanaimo, June 1.—Mrs. A. Gordon, who for years has operated the Lotus Cafe in this city, has taken over the Globe Hotel on Front Street. This hostelry has been completely renovated and refurnished with a view to catering especially for the tourist trade. Large sample rooms are also available for commercial travelers. To fill a long-felt want the new proprietress has installed shower baths and other accommodation for athletes.

Mrs. Gordon, who has been resident here for 30 years, is widely known for the excellent cuisine of her dining room, which will be made a feature of the new venture.

International Institute of Agriculture at Rome says world's stocks of wheat and rye are sufficient for all requirements until Jan. 1, 1922, with a margin of 1,400,000 tons at least.

## FIRST OF SERIES OF CONCERTS IN PARK TO-MORROW

G. W. V. A. Band Will Render Delightful Programme of Music

The first of a series of Summer band concerts will be held in Beacon Hill Park to-morrow afternoon under the direction of the civic authorities. The concert will be arranged by the band of the Great War Veterans' Association which will play in the bandstand near the stone bridge. The first selection will be rendered at 3 o'clock.

The programme of the concert was announced this morning by Bandmaster J. M. Miller as follows:

1. March—"The Contempliers".... Stanley (Overture by the bandmaster to the British Army of 1914. The Kaiser gave repeated orders to destroy England's Contemtable Little Army).
2. Overture—"Morning Noon and Night"..... Suppe
3. Parisian Sketches—(a) "Demolition"..... Fletcher (b) "Bal Masque".....
4. Descriptive—"A Hunt-ig Scene"..... Bucalossi (Synopsis—Morning scene. The meet. The scent. Whipping up. The chase. Full cry. The kill. Return home).
5. Hungarian Dances—"Allegro Vivace"..... Brahms
6. Selection—"Italy"..... Clark
7. Piccolo Solo—"Silver Bird"..... Le Theira (Special Request)
8. Serenade—(a) "Sizilietta" Blon (b) "Butterfly"..... Benx
9. Fantasia—"Grand Military Tattoo"..... Rogan (Synopsis—Signal gun. First post. Assembly march. Trumpets sound Grand Tattoo—Great's hymn. Call to prayer. Evening hymn, "Able With Me." Order Arms! Lights out!)

God Save the King.

Weekly concerts will be held in the Park during the Summer at the City Council has appropriated \$1,500 for the purpose. Arrangements have been made for the bands of the city to furnish two or four concerts. The value for the concerts were made by Alderman Robert Dewar, Chairman of the city Parks Committee.

## PALE AND NERVOUS SCHOOL CHILDREN

Need Rich, Red Blood to Regain Health and Strength.

Many children start school in excellent health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak, their nerves over-wrought and their color and spirits lost. It is a mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus' dance, or drift into debility that leads to other troubles. Regular meals, out-door exercise and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay attention to the school child's blood supply. Keep this rich and red by giving Dr. Williams' Pink Pills and the boy or girl will be sturdy and fit for school. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. Watson, Grand Falls, N. B., who says: "In the Spring of 1919 my daughter Thelma, then 12 years of age, began to show symptoms of nervousness which developed in St. Vitus' dance. She seemed to lose control of her limbs and at times every muscle in her body seemed to be twitching and jerking, and the trouble seemed to be growing worse. We finally decided to give Dr. Williams' Pink Pills, and the result was better even than we had hoped for, and she is now enjoying the best of health."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont. (Adv.)

## Social Personal

A merry crowd of the members of the Victoria Amateur Swimming Club gathered at the Orange Hall, Courtenay Street on Thursday for a social evening in honor of two of their popular young members, Mr. G. Wellburn and Miss E. Heathcote, whose marriage is to take place in the near future. Dancing was enjoyed until 11 o'clock when a halt was called for refreshments, after which Mrs. McAlister, president of the club in a few well-chosen words offered the felicitations of the members and presented to Miss Heathcote and Mr. Wellburn on behalf of the club, a handsome silver tea service suitably engraved. Mr. Wellburn responded in his usual happy manner, the joining hands and singing "For They Are Jolly Good Fellows."

Mr. and Mrs. Harry Whitney Treat of Seattle, who are well known in this city, are to-day celebrating the twenty-fifth anniversary of their wedding. They are holding a big reception this evening at their magnificent home in Seattle. There will be cards for those who do not care to dance; dancing for those who do not care for cards; music for everyone. Supper, including Chinese, Japanese and American dishes, will be served by Chinese and Japanese girls in native costume during the evening. Mr. C. D. Stimson, Mrs. Paul Mandell Henry, Mrs. Manson F. Backus, Mrs. Frederic Struve and Mrs. Walter Moore are among those who will assist Mr. and Mrs. Treat.

**Women's Canadian Club.**—On Tuesday afternoon next, at the Empress Hotel, Mr. Cecil H. French, of Montreal, will give an interesting address before the Women's Canadian Club. Mr. French will describe the black and silver fox breeding industry in Canada, with which he has been closely associated, and which may be described as one of the most romantic phases of the fur industry in the Dominion. The address should be of particular interest to women, as Mr. French will explain the difference between good and bad furs, and how it may be detected. During the afternoon Miss Mamie Fraser will sing.

Mrs. George Stott, Menzies Street, was the hostess Thursday afternoon at a charmingly arranged miscellaneous shower, given in honor of Miss Ethel Heathcote, who marriage is to take place shortly. About twenty lady members of the Victoria Swimming Club were present and a delightful afternoon was spent. Many handsome and useful presents were received by the bride-elect, among them a beautiful jewelry filled with bride roses. Mrs. Stott was assisted by Mrs. A. Mennell in receiving her guests and serving tea.

Mr. and Mrs. Horace Deane-Drummond arrived yesterday from Colombo, Ceylon, and are visiting Mr. and Mrs. F. B. Pemberton. Mrs. Deane-Drummond is well-known to a wide circle of friends by her maiden name, Sophie Pemberton, and is an artist of considerable repute in England and Canada. They were the guests of honor at dinner given last evening at "Moultouy."

Mr. and Mrs. Lester Lobe, of San Francisco, accompanied by Miss A. Hamburger, are visiting Mrs. S. Leiser, 1255 Stanley Avenue.

Mr. and Mrs. J. Williams, Mr. and Mrs. N. H. McDermid, D. Fraser, Miss H. Gonzalez, Miss E. Nesbitt, J. Kerr and F. W. Howay, of the Vancouver, A. King, of Nanaimo, Miss W. Taylor, of Duncan, Mrs. D. Swab,

of Duncan, and Mr. and Mrs. H. R. Punnett, of Duncan, are guests at the Strathcona Hotel.

The Lorraine Hall was the scene of a very jolly flannel dance last evening when the members of the Dr. O. M. Jones Chapter, I. O. D. E., were the hostesses. Mrs. George Simpson kindly loaned the hall to the Chapter for the occasion. Over one hundred guests were present and danced to a late hour to the excellent music furnished by Heaton's orchestra. Masses of yellow broom tied with yellow tulle formed the attractive decorative scheme. Mrs. W. M. Ivel, regent, presided at the piano, and Mrs. Sylvester presided at the receipt of custom. Altogether the affair was a delightful success and resulted in the augmenting of the Chapter's milk fund by a substantial sum.

Mrs. Charles E. Wilson threw open her charming home at Uplands last evening for a rehearsal of the Greek pastoral play "Danae," which is to be produced at "Gonzales" at the present month. The principals went through their parts with splendid effect under the direction of Major Bullock-Webster. At the close of the rehearsal, the guests were treated to a delicious supper. Those present were Major Bullock-Webster, Miss Eva Hart, Mrs. R. Baird, Miss Mabel Hickman, Mrs. F. J. Delby, Messrs. Ford, Hewitt, R. McKendall, Kenneth Angus, Bredin, McPhillips and Mitchell.

About thirty lady friends met at the home of Mrs. S. J. Hall, last evening, for a linen shower given in honor of Miss Meta Huges, whose marriage to Mr. Harry C. Miller will take place this month. Games and music passed a very happy evening. The affair being held on the King's birthday. The house and table decorations were prettily carried out in patriotic colors of red, white and blue flowers.

Up-Island visitors staying at the Dominion Hotel include W. Welden and K. M. Lay, of Duncan; Mrs. J. E. Locke, of Cowichan Lake; Mr. Hamner Jones, of Station; Mr. and Mrs. F. Cunliffe, Nanaimo; A. Murphy and Mrs. Murphy, of Jordan River; J. McPherson, of Cowichan; H. T. Deane, of Victoria; Mrs. Deane and N. A. Dickenson, of Nanaimo; G. A. Deane, of Mayne Island; Mrs. Church and Mrs. Stewart, of Headquarters.

Mr. and Mrs. C. G. Beeching, J. J. Darlington and W. L. J. Provost, of Calgary, S. J. Whitlock, of Bedford, Eng., L. S. Mawby, of London, Eng., and Mr. and Mrs. E. V. Williams, of Portland, Oregon, are registered at the Strathcona Hotel.

Mrs. Grace Cessford announces the engagement of her daughter, Emma Campbell, to Mr. Hooper Alexander Piques, son of Mr. and Mrs. S. T. Piques, of 6043 Woodlawn Avenue, Chicago, the marriage to take place in Vancouver on July 29.

Miss Ada Greenle, granddaughter of Mrs. Jannet Mulholland, 824 Broughton Street, leaves to-day for Los Angeles, Cal., on S. S. President. Miss Greenle is to be married as nurse in a Tacoma Hospital.

Enquiries this morning elicited the re-assuring information that Mr. Justice Eberts is making splendid progress towards recovery after undergoing a serious operation a few days ago.

J. Harrington and Mrs. Harrington, H. E. Matthews and Mrs. Matthews, J. C. Rylands, M. S. Holt, James M. and Mrs. Robertson, M. E. Charleston, C. Weaver, and J. E. Barnett, of Vancouver, are new arrivals at the Dominion Hotel.

H. H. Turner, of Winnipeg; Mrs. E. Wright, of Toronto; M. R. Sibley, Mrs. Sibley, of Seattle; W. R. Sibley, Mrs. Sibley and Miss Sibley, of Minneapolis, are at the Dominion.

## URGENT DEPORTATION OF DISLOYAL ALIENS

### I. O. D. E. Wants Duties on German Goods; Vancouver Invitation

Montreal, June 4.—Many matters of interest to members of the Order were discussed at yesterday's session of the I. O. D. E.

An interesting feature of Friday's proceedings was a visit of the delegates to the I. O. D. E. convention, for incipient cases of tuberculosis. The delegates expressed gratification at what they saw.

Among a number of resolutions passed by the committee was one dealing with the question of loyalty and the need of stamping out sedition among newcomers to Canada.

In connection with the celebration of Armistice Day, it was suggested that poppies should be sold to raise funds for the war memorial, but the majority favored the use of the maple leaf in this connection.

In response to a demand from the West that foreigners who would not accept Canadian citizenship and give allegiance to the King and Empire, should be deported, the convention went on record to the effect that this should be done. A resolution was passed asking that customs duties be levied on goods imported from Germany, thus obliging Germany to make reparation for the losses caused by the war.

### Vancouver's Invitation.

Vancouver extended an invitation to the national chapter to hold its next convention in that city, but the question of the next meeting place has not yet been decided.

The business was not concluded to-day.

The following are among the councillors of the national chapter elected: Mrs. D. M. Balfour, Regina; Miss Bellotti, Mrs. O. L. Boynton, Vancouver; Mrs. J. James Spence, and Mrs. W. D. Spence, Calgary; Mrs. Allan Sproat, Saskatchewan; Mrs. Frank Wise, Alberta; Miss Margaret Wise, and Mrs. Woolley-Dodd, Alberta.

### Miss Arnold Re-elected.

Miss Joan Arnold, of this city, was unanimously re-elected president of the National Chapter of the Imperial Order of the Daughters of the Empire yesterday afternoon by forty councillors, whose election was announced this evening. Vice-presidents are: Mrs. Graham Thompson, Toronto; Mrs. Angus MacMurchy, Toronto; Mrs. C. M. Der Pines, Quebec; Mrs. Frank W. Winnipeg; and Mrs. R. M. Balfour, Regina.

The convention discussed matters by which the order could help returned men.

## WHAT'S IN A NAME?

Facts About Your Name; Its History; Meaning; Its Significance; Your Lucky Day and Lucky Jewel.

By Mildred Marshall.

(Copyright, 1921, by The Wheeling Syndicate, Inc.)

### AUDREY.

Audrey is closely allied with Ethel. Both signify "noble throned." Since they have their origin with the Anglo-Saxon feminine name Etheledred or Aethelred, which in turn comes from the German Eadred, noble maiden.

The first Audrey of note was the Anglo-Saxon Saint Audrey. She was the Queen of the East Angles, and was rather an unsuccessful wife and retired to a monastery, later being canonized as a saint. She was revered as the patron saint of the peasantry. It is said that the beautiful articles sold at these fairs have given rise to the term "Audrey."

Because of her saintly reputation, the name of Audrey reached a high estate of popularity in England and has not ceased to be in common usage. Particularly of late has it been revived and set to rival its counterpart, Ethel. Audrey, which is commonly believed to be the contraction of Adelaide, is really the Devonian diminutive for Audrey.

The name of Audrey is a talismanic gem. It is believed to have the power to draw success and good fortune to its wearer. It is her from all her luck. Monday is her lucky day and a her lucky number.

## POPULAR ATHLETE MARRIED TO-DAY

### Gerald E. Wellburn, Captain of V.A.S.C., Weds Miss Heathcote

A wedding of great interest to local sporting circles took place this morning at 7 o'clock at St. John's Church, when Miss Ethel Heathcote, eldest daughter of Mr. and Mrs. A. Heathcote, of this city, became the bride of Gerald E. Wellburn, popular captain of the Victoria Amateur Swimming Club.

The bride looked very charming in a white georgette travelling suit with white georgette picture hat and corsage bouquet. She was attended by Miss M. Wellburn, becomingly attired in pink, with silk hat en suite. The groom's gift to the bride was a gold lavalliere. J. McEwen attended the groom.

The honeymoon will be spent motoring on Vancouver Island. The bridegroom is a popular member of the circulation department of The Daily Times. They will make their future home in Victoria.

## SMART WEDDING IN VANCOUVER

### Miss Maude Beveridge and Frank Duff Stuart United in Marriage

Vancouver, June 4.—Long before the time appointed for the ceremony St. Andrew's Presbyterian Church was thronged with spectators to witness the marriage of Miss Maude Ellen Beveridge, daughter of the late Mr. Jas. Beveridge of Vancouver and Mrs. Beveridge of London, England, to Mr. Frank Duff Stuart, son of General and Mrs. J. Duff-Stuart of this city.

It was a military wedding, and the guard of honor was formed by Major D. N. Hoesie, B.-S. O.; Capt. Clark Underhill, Capt. H. Bray, Capt. A. N. Bell-Irving and Lieut. H. Sherwood. The ushers were Major Marcus Grimmett, Capt. W. C. McKensie, Lieut. Nelson Clarke and Lieut. Sydney Beveridge. Rev. Dr. A. D. McKinnon performed the ceremony, and Lieut. Robbie Stuart was in attendance as best man.

The church decorations were simple but effective. Huge bouquets of snowballs were arranged attractively, and rose and white lilies decorated the altar. Snowballs tied with white satin ribbon were attached to the guest seats.

### Bridal Party.

To the strains of the wedding march the bride, escorted by her brother, Mr. George L. Beveridge, entered the church. Her gown was of white Liberty satin, and from the shoulders a court train hung gracefully. Her veil was of Brussels net embroidered with pearls and worn mob cap effect, with wreath of orange blossoms. She carried a shower bouquet of cream Opheleia roses. Adding to the military effect was Master Bobby Procter, attired in a Highland costume and performing the duties of train-bearer.

Miss Mary Duff-Stuart was the only attendant of the bride. She was attired in a becoming gown of pale pink georgette embroidered with silver and picture hat to match. Her bouquet was of mauve and pink sweet peas and pink baby roses.

### Reception Held.

The wedding reception was held at the home of General and Mrs. J. Duff-Stuart, 3751 Carlier Avenue, Shaughnessy Heights.

## FINE CULTURE PEARLS UPSET JEWEL TRADE

### Japanese Secret Process Causes Clump in European Market

London, June 4.—A pearl mystery is puzzling the merchants of Hattin Garden and the West End of London.

Experiments have been going on for many years in Japan by Mr. Kokichi Mikimoto, who, after paying considerable attention to the marine industry of Japan, became a dealer in pearls and established a propagation station in the bay of Ago with a view to cultivating the pearl oyster.

"Cultivating the pearl oyster." The method of producing these "culture" pearls is said to be exactly the same as that which produces the natural article. An irritant is introduced under the liver of the oyster causing it at once to cover the foreign substance with "nacre," or spittal. When the oyster has thus been treated it is put down again into the sea. The longer the oyster remains in the sea, the larger the pearl becomes. Pearls can be grown up to six or seven grains.

The effect of the discovery in the pearl trade has already been severe in many quarters, despite the fact that the dealers have kept it a close secret. One dealer who bought a \$30,000 pearl necklace nearly all the time he had been in the trade would be likely to accept so valuable a necklace.

"I heard only the other day," he said, "that two women of Mayfair offered to exchange their pearl jewels, a necklace, scarf-pin, two rings, and a brooch at a West End jeweller for diamond articles of the same kind."

Hamilton is granting the Gas Company a 75c rate for natural gas in May and June.

## WINDOW SCREENS

A full assortment of sizes now in stock. Each screen is well made and will last years of service. Prices, \$6.00 to \$11.10. Screen Wire Cloth for repairing and making window screens, etc.; sizes 24-inch to 40-inch. Prices, per yard, 40c to 70c. Fly Swatters, prices 10c and 15c.

## THE TOY METHOD

The development of really educational toys began only about fifteen years ago, and during the past three or four years toy makers have been to it to keep abreast of the demand for toys that are instructive.

The most recent development, that of using toys as substitutes for text books, or rather co-operating with textbooks, promises to create a new era in the toy industry, says the Dry Goods Economist.

In Chicago the toy method is being used in a school that has 1,400 children in attendance—and the children do not lag and play hooky; they flock into the school as soon as the doors are open and they are loath to leave when the school day is finished. The children are taught to write little stories about the toys. These little compositions are then studied by the class, both as an analysis of the toy and for spelling and construction.

Children are taught the alphabet first with blocks. Word building soon follows and then sentence construction. Dolls, doll houses and furniture stimulate the interest in domestic science, carpentry and architecture. Miniature trains are used to co-ordinate thought and action; games and books are used in teaching grammar and arithmetic and mechanical outfits are often the means of starting a boy thus early on his life work.

### CHORAL JUBILEE

Fifty Years of the Albert Hall, London, England.

To commemorate the opening of the Royal Albert Hall, London, by Queen Victoria, on March 29, 1871, and the formation of the Royal Choral Society in October of that year, a grand jubilee concert was held at the hall on Saturday, May 7. The King and Queen, Princess Mary, the Duke of Connaught, Lady Patricia Ramsay, Princess Christian, Princess Beatrice, and Princess Louise, Duchess of Argyll, were present. The Duke of Connaught, Princess Christian, Princess Beatrice, and Princess Louise were all present at the opening celebration 50 years ago. The concert struck the notes of British nationalism, tradition and dignity. The chief conductor was Sir Frederick Bridge, who is 77, and the model of green old age, and the veteran tenor, Mr. Ben Davies, singing

wonderfully well, won most applause of the soloists. Sir Charles Stanford, whose fine "Songs of the Sea" were sung by Mr. Robert Radford, was missing, but Sir Alexander MacKenzie, who is 74, conducted his rollicking "Britannia" overture. Sir Edward Elgar was the youngest composer present. His deeply moving choral, "With Proud Thanks," was given by the choir. The jubilee was the great thing of the afternoon. At the finish the King conferred the M.V.O. on Mr. Hilton Carter in recognition of his services as manager over a period of 20 years, and received the conductors, the artists and seven surviving original men members of the Royal Choral Society. They were: Mr. Edgar Doggett, Mr. Thomas Perry, Mr. Charles Sheath, Mr. Albert Hunter, Mr. Charles Hood, Mr. George W. Harris, and Mr. William Callingham. Invitations to attend the world's exposition to be held in Portland, Ore., in 1925 have already been sent to President Harding, and his cabinet.

### CHAPTER XII.

"Mr. Amory has not gone?" Varla asked.

"Certainly has," Sally Lou nodded, "says as how I wasn't to disturb you, Miss Amory!"

"Don't bother with any breakfast, just a cup of coffee will do," Varla said, wondering why she felt so queer, as though one of her old enemies, a sick headache, was coming on.

Varla sipped her coffee languidly, remembering as she sat alone at the breakfast table all that had happened the evening before.

She could feel again Adam's hands on her shoulders and recall that terrifying moment when they both knew the John was in the room. But John so understood. He had treated it all in so off-hand a manner.

"Looks like you need some fresh air," Sally Lou said as she came in to consult Varla about the dinner.

Varla stood up and went into the other room, a sick, dragging, weary mess was on her. This headache, just a dull sort of thing, she would hunt up that prescription that Dr. Ward had given her.

Through her desk she hunted, then she tossed aside the pile of handkerchiefs and fresh gloves in her bureau drawer and, feeling a little daisy and queer, went over to John's desk and pulled open the middle drawer.

Carelessly she pulled out a pile of papers—and tossing them aside she stopped and stood, staring down before her.

"Nina's!" What was it doing here in John's drawer?

The writing scribbled on the single sheet was careless and evidently written in haste.

"Why haven't you been up lately, dear old thing? There's something I want to give you when you come. Don't telephone, though, for Mel might know. Yours

"NINA."

Varla sank down on the chair before her desk, staring with wide eyes at that dreadful tell-tale note. She had written this to John—and recently, too—although the letter was undated.

Varla pushed it from her with one finger as though its very touch would scorch—she was too wretched to be angry. A knowledge of all that this meant welled up in her heart and that tiny ray of hope that had still lingered there flickered and went out.

That Nina could do this! Her own sister!

She sat there for a very long time with her head leaning on her hands, motionless, as though she were thinking, while she was dumb from realization of what she had learned.

"It can't be true!" Varla said, and looking before her she saw the note with its unmistakable reality staring up at her. Very slowly she put it and the other papers back in the middle drawer.

That Nina pretending to love her—to love her could do this! How Nina must have laughed at her and scorned her! Nina, who had everything, beauty and wealth and the love of two men.

Sally Lou, coming into the room, asked whether she would have lamb or beef, and Varla marvelled at her.

self when she answered that Mr. Amory would prefer beef. As if it mattered! As if anything mattered!

She heard Sally Lou go out to do the marketing, and she felt the relief of being alone with her pain.

"And I thought I was unhappy before," Varla said to the silent room. "I can't go on! Oh, I can't go on!"

What had Adam said last night about there being a way out, that she must go away? She laughed—a broken little sound that hurt her throat and flung herself down on the window seat where she tried to shut out her pain.

But it came over her in sickening waves until she thought at last she would stifle if she stayed there long. Other women must have suffered too, but they at least had known love; had not been tortured and made a mock of by two people!

"I reckon a nice cup of tea would taste good," Sally Lou said, coming into the room.

But Varla only shook her head and tried to smile.

"Just a bite of food, Miss Amory," the colored woman begged, and at last Varla went into the dining room and made some pretense of eating lunch.

Somewhere the morning had passed and somehow the afternoon would drag along. Varla knew that she only waited until John would come home. She must tell him then. Tell him that she could not wait any longer, that it disgusted them both—she did not change her little morning dress with its pretty beaded girlish, on the dark turtleneck; she had forgotten even to light the lights and she could not go near her piano.

What was the future to hold? Go back to the old life? No, no, no, of course, but a fearful struggle lay ahead. Days in which she would have to teach herself to forget.

Could she ever forget John's dark face, those brown understanding eyes—his strong chin, the smile that lighted his face so vividly?

Could she ever forget his voice? She would live it, it would be bandaged among a hundred other voices! And his hands, so strong and brown with that firm, hard touch.

Had she no more to give him? No, she had. She had a heart which she heard his latchkey grate in the lock.

As though on the defensive, she had got to have something to say, far from the room when her husband entered.

She ought to hate him!

Yet Varla knew as she saw this man advancing toward her that she could never hate him. He had wronged her, but she could not hate him. He had wronged her, but she could not hate him.

She drew herself up very proudly and she felt a lump grow in her throat, her hand, tightened on the table.

"You seemed so tired last night I didn't like to wake you," John said, switching on the lights, "but there is something I must speak to you about, Varla," he said very gravely.

"I'm not a child," Varla answered quietly. "You don't have to take that tone with me."

"I didn't think I was taking any tone with you—tired, I guess—I've been working pretty hard all day."

He ran his hand over his forehead wearily.

Certainly he was ten years older than she; he looked old now to Varla, this man of thirty, who was practically a stranger to her, in spite of the fact that she had lived in the house with him for a month.

"These came to-day in my office. I thought you understood I wasn't a rich man when I—when we were married. I know, of course, that it's been hard for you to live so simply and I did want you to have things, but this seems a bit unreasonable."

He pulled out of his pocket a number of folded sheets of paper and handed them across to her.

Varla opened them and read them quickly and then cried, "These aren't mine."

"What do you mean?" John asked, frowning.

"I haven't bought any dresses at Hollander's or negligees at Bonwit Teller's. I haven't run up a bill at Altman's!"

"But these bills all came to me charged on your account; there's no other explanation," John said slowly.

"I had my trousseau," Varla said with cheeks flaming. "I haven't charged anything at one of those shops since my trousseau. I opened accounts there, but I haven't used them."

He stared at her with unbelieving eyes.

Suddenly she cried in a high, excited voice, "Let me see them again!" She looked at one bill after another.

"One flame-colored negligee, valued at \$67.50," she read. Then the paper slipped out of her nerveless fingers.

Where had she seen a flame-colored negligee banded with fur? Nina's! All those boxes and parcels that had cluttered Nina's room! She stood staring at John Amory with horrified eyes.

Nina! She choked out and covered her face with her hands.

"It was a foolish thing to do, but I'm not going to say any more about it. It does put me in a hole for a month, for the agent was saying to-day that we'll either have to get out of this apartment or buy it ourselves."

She heard his voice going on; she knew he was talking and she believed she had confessed that she had charged those things to him.

Varla, the gentle, with her soft voice and softer ways, felt a never-governable fury rising in her. That this man could think this! He, who had been making a fool of her this month after he had married her!

"Do you think I'd charge anything to you?" To you? she repeated, white and trembling. "I've had my own allowance since I've been married. I've been your housekeeper, if you choose to call me that! Thank God, I've never been anything more."

Her breath came unevenly, she was shaken from head to foot with this terrible fury, but she had not raised her voice but had spoken with a white intensity. Now she stumbled across the room through a blur and crept into the gray guest room and shut the door and locked it behind her.

The tears that she had fought

## BECAME SO THIN

### SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous

MADAME ARTHUR BEAUCHER

805 Cartier St., Montreal. "I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me."

At last a friend advised me to take 'Fruit-a-tives.' I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished. I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

MADAME ARTHUR BEAUCHER, 805 Cartier St., Montreal. At all dealers or from Fruit-a-tives Limited, Ottawa, Ont. (Advt.)

against all day shook her now, and she lay, weak and quivering with sobs, on the narrow white bed. He must not hear! She pulled the silk comforter up over her head and tried to choke, then back so that no sound would drift into the other room.

Her head throbbed and she felt as though little hammers were knocking against her temples. She did not have any idea of time. She only knew she was weak and exhausted and that she longed to die.

She lay very still, without moving, when she heard some one knock at her door. There was a pause. Then the knock was repeated.

But Varla lay very stiff and straight, with her lip caught between her small white teeth; she did not dare to breathe until she heard John's footsteps retreating.

She decided as she lay there that she would not see him again. She had no feeling for him now—all that was past, she told herself. She would pack her small black bag and tell Sally Lou that she was going over to see her father. Then she would take her few jewels she had and sell them, and then—

The world was very large and she was young. Somewhere she would find work, something to do so that she would stop this dreadful thinking. Somewhere she would go so that they could not find her and drag her out and question her.

At last she crept out of bed, drew off her rumpled dress and in the dark room laid off her clothes and tiptoed to the closet for her nightgown.

Varla could hear no sound in the apartment. It was as still as though she were alone. When she had slipped between the cool sheets she felt at last into the oblivion of exhaustion.

On the other side of her door a man paced the hall till the clock struck two.

(To Be Continued.)

## PROVINCE'S HEALTH GOOD, SAYS HON.

J. D. MACLEAN

(Continued from page 1.)

The Red Plague. Perhaps one of the greatest works undertaken by any government in Canada is that pertaining to the treatment of persons affected with general disease. According to department officials, the public is rapidly realizing that venereal diseases must be treated the same as any other infectious and dangerous disease. The diseases under this head are said to be far more dangerous and fatal than others. Clinics have been established in Vancouver and Victoria, and following his recent visit to eastern cities, Dr. H. Esson Young, Secretary of the Provincial Board of Health, claims that these clinics are as well conducted and furnished as any in the East.

An Awakening Conscience. The chief point which I wish to emphasize is being adequately dealt with in other provinces," explained Hon. Dr. MacLean. "That is, to educate the people, to take advantage of the awakening public conscience regarding this question, and to teach people the absolute necessity of carrying out in civil life the methods found so effective in the army. The common diseases, such as smallpox and typhoid, were scarcely heard of in the army, although men were living at times under conditions which would not be tolerated in civil life."

Death statistics are simply monuments of our ignorance, and—rather a scathing commentary on the intelligence of the general public," added the Doctor. "There were 537 cases of smallpox in British Columbia last year, which cost the Department of Health between \$30,000 and \$40,000. And yet \$40 or \$50 worth of smallpox vaccine would have prevented this expenditure. And still the public will persist in giving ear to the clamorous outcry of the minority regarding anti-vaccination."

Prevention is so much better than cure that the taxpayers of British Columbia should awaken to the fact that the necessity of carrying out the after these cases, and they are paying to-day upwards of \$75,000 every year for the upkeep of ten per cent of the cases in Bessendale, which cases are there because of acquired syphilis."

The minister explained that the institute life of these people averages not more than eight years; that it will take a half-million dollars of the tax-payers' money during the next eight years to look after these people, when in reality the government should awaken to the fact that the treatment of this disease is free, and may be taken without the slightest fear of embarrassing charges by the government clinics. It was also stated that all the cases could be cured for \$50 each. In addition to the suffering and financial loss to the province, there is also the economic wastage and loss through these patients being non-producers.

These figures are doubly interesting," said the minister, "when you multiply British Columbia's population by the number of times the Dominion population exceeds it, and you would have a staggering total. In fact, the census being taken at present would tell a different story if the public were alive to the issue."

Child Welfare Work. Dealing with child welfare work, placed by the minister as second in importance only to the work being carried on in connection with venereal diseases, it was shown how local councils have been formed to co-operate with and remain subsidiaries of the federal council, formed in 1920. The second meeting of the head council was held in Victoria, with Mrs. R. S. Day, Secretary of the Vancouver Island Child Welfare Council, representing British Columbia.

The minister pointed out the public in general had not become aware of the valuable work being done by these councils. It was even shown where at the last meeting of representatives held in Victoria the chairman had been handed a clipping from The Vancouver Sun, in which the paper was asked to state where literature pertaining to child welfare work could be obtained. The paper's reply to its correspondent was said to have been that by applying to Washington pamphlets could be obtained free.

"Which goes to show," laughed the Minister, "that a prophet is not without honors save in the eyes of fools."

The question of public health was asserted by the Hon. Dr. MacLean to be one of the most vital of the day's problems. He explained that 23 per cent of the Canadian recruits who presented themselves for medical examination were found to have been physically unfit. And 80 per cent of these medically unfit were so because of neglect during childhood.

"For a young country this record does not compare very favorably with older countries," he pointed out, explaining that the rejects in Germany only numbered 16 per cent; in France, 17 per cent; Great Britain, 23 per cent, and in the United States, 46 per cent.

Child Mentality. "Furthermore," he added, "a physically disabled child means a backward child mentally. The people of the province accept without murmuring the expenditure of millions of dollars to educate the children, and yet there is a tremendous outcry when it comes to the spending of government money for the promotion of health along recognized lines. It does seem to be very poor policy to spend millions to educate a school population which is one-third defective, and which will never be able to be of full economic value in after life."

Public Health Nurses. The department is therefore continuing the work of establishing public health nurses throughout the

# Rinso

RINSO—not a cake soap, nor a chip soap, nor a washing powder, but pure granules so rich in cleaning value that dirt is loosened while the clothes are soaking. Yet so harmless that your things are as safe in the RINSO suds as in pure water alone.

Even the washboard wears out! What about your clothes?

RINSO is different from anything ever before produced—

It is fine granules of purest and highest-quality ingredients ever used in a family laundry soap.

It cleans by soaking in the rich foaming RINSO suds for a few hours and then thorough rinsing in either warm or cold water. Even the worst spots, the collar bands, cuff edges or hems, need only a slight rubbing between the hands to make them, too, perfectly clean.

Just soak the clothes with Rinso. A few hours later rinse them thoroughly in either warm or cold water. That's all. They're clean.

If you have a washing machine—

Soak the clothes overnight in the Rinso suds. The cleaning soda loosens every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

LEVE BROTHERS LIMITED TORONTO

## WET WASH ECONOMY LAUNDRY

### Particular People

and Sprot left last night for the Coast.

The three properties named adjoin the famous Swede and Lucky Jack mines, of the once noted Poplar camp, and comprise in all 11 claims. The company has drilled 350 feet on the main lead, and has a depth of 300 feet. At present 10 men are employed on development work, and this force will be increased shortly.

If the company's expectations are to be realized from the development programme now being carried out, it is intended to put up a mill, to treat the ore, which is free milling gold, at its point of origin. It is stated that the company has all the funds required for such an enterprise, and the results of the present work seem to warrant it—Nelson News.

MURDERED! Put right out of business, a whole family not of good honest folks, but of Corne-sore trouble-makers, that sting and bite. Putnam's Corn Extractor is the only painless cure for corns, it never fails, it's everywhere.

To Purchase Compressor. In order to pursue development work to greater advantage on the company's three properties, the Marquis, Gilbert and Tellico, the Marquis Gold Mining Company is now purchasing a compressor and drill for installation on Poplar Creek. Announcement to this effect was made last night by President W. J. Graves, who, with his brother, Secretary-Treasurer R. H. Graves, and two prominent business men of Bellbrook, Dr. E. L. Twick and L. C. Sprot, shareholders in the company, arrived in Nelson from the Lardeau by the Kootenay on her special run.

President Graves and Messrs. Twick and Sprot left last night for the Coast.

Frederick Othine as this is sold under guarantee of money back if it fails to remove freckles. —Advt.

## This Is What You Need For Summer Driving Comfort— WIND SHIELD WINGS

These wind deflectors give you the advantages of sedan comfort with the unobstructed view of the touring car. Car owners who have added windshield wings to their equipment are enthusiastic in their praise of this sensible accessory.

## PARIS IS HEARD ON PACIFIC OCEAN

Wireless Operator on Blue Funneler Proteus Has Powerful Radio Plant

Wireless messages between Paris, Berlin, Christiania and other European centres are being picked up by the North Pacific ocean. Senior Wireless Operator Matheson, who has been for the past seven years on the Blue Funnel liner Proteus, has a radio apparatus which is doing wonderful things with aerial waves. By the use of amplifiers he is able to effect a great increase in receiving power. It has been noteworthy that the Proteus has spoken at great distances on the Pacific and officers of the liner state that the ship is in continual communication through the San Francisco station all the way across the Pacific. The ship is able to hear San Francisco until well across the ocean. Then when Manila comes in too strong the relays to Honolulu, to Samoa and to the other side are heard.

## FORMER SEALER IS NOW LIQUOR CARRIER

Schooner Lady Mine Left Secretly For Mexican Coast

Vancouver, B. C., June 4.—When the little schooner Lady Mine sailed from this port several days ago, it was under considerable secrecy, and the water front was very busy conjecturing just where the little former sealer was headed for. It developed that the clipper ship of the old sealing fleet has gone to Espenada, Mexico, and will take a cargo of first-class liquor to a private warehouse on the coast near the Lower California boundary.

Fear of pirates en route caused the silence on this end, and the little craft got clear away without her destination being learned. Mexican Consul Senor Vittori stated that in future he is going to know when these boats go to Mexico, or Mexican gunboats will be the pirates that will meet these booze runners. The consul has issued an order insisting that all invoices come to him before shipments are made or they will be held up by government boats that are being stationed on all coasts of Mexico.

## CHALLENGER FOR LIPTON CUP HAS HER INITIAL SPIN

Yacht Patricia Holds Her Own In Light Breeze

Vancouver, June 4.—The Patricia, Royal Vancouver Yacht Club, Class "R" challenger for the Lipton Cup, had her initial trial spin in Coal Harbor and in the very light breeze showed that she will be able to hold her own in the easy going.

For the past few evenings the crew and other yachting enthusiasts have been working till dark in an effort to get the rigging in shape for the trial races and general tuning up. The spar was stepped on Tuesday, and the boat towed to the water berth of the club where she lies alongside the Alexandra, the 20-foot racer, which is also fitting out.

Abnormal Spar.  
While the Alexandra is a much larger boat in all ways and carries a greater sail spread, still the top of the Patricia's mast is less than three feet below that of the "Alec". In the same berth lies the Astoria which races under the universal rule in the same class as the new boat, but the Astoria's mast is dwarfed beside the Marconi spar.

"Ron" Maitland, who will handle the challenger in the July races sailed the Patricia out through the fleet leaving scarcely a ripple in her wake. She heeled very slightly in the stronger puffs, showing that there is plenty of reserve power for a real wind.

The first suit of sails to be tried out are those made by the C. H. Jones Company, and as is always the case in a new suit, they were not drawn into position on the boom and the left leech stuck but they look good to the local experts and will soon be worked into shape.

Mr. Maitland expressed himself as being very well satisfied with the fit in all details and feels even more confident than before that the Lipton Cup will come back aboard the Patricia. There is plenty of work ahead for the skipper and crew for the next four weeks and those who wish to see the challenger in action will be able to do so any afternoon she carries the oblique Marconi rig.

She will be easy to pick out in these waters.

## NEW C.P.O.S. SHIPS WERE SECURED AT REASONABLE FIGURE

Ex-German Liners Recently Purchased Were Offering For £250,000 Each

Although the price paid by the Canadian Pacific Ocean Service, Ltd., for the ex-German liners Prinz Friedrich Wilhelm and Kaiserin Augusta Victoria, recently acquired from Lord Inchcape, has not been made public, it is understood that in March last it was £250,000, or approximately \$1,250,000, per vessel was asked.

The Prinz Friedrich Wilhelm, which this fall will enter the trans-Pacific service of the C. P. O. S., as the Empress of China, is a steel twin-screw steamship 17,099 tons gross, built at Geestemünde in 1908 by the J. C. Tecklenborg Co. She has a speed of about 17 knots and accommodation for 358 first and 298 second class passengers. Her dimensions are 559.9 feet by 68.5 feet by 35.6 feet.

Being Remodelled.  
When the new Empress of China has been altered for the trans-Pacific service, the Prinz Friedrich Wilhelm will be greatly increased, as but few second class travellers are carried on the Oriental route. She will also be fitted with large stowage space for the accommodation of Asiatics.

Built at Stettin.  
The Kaiserin Augusta Victoria, which will be known in the future as the Empress of Scotland and operated on the Atlantic route, is a steel twin-screw steamship of 24,581 tons gross and was built at Stettin in 1905 by the Vulkan Works. She has a speed of about 15.8 knots, her dimensions being 677.5 feet by 77.3 feet by 50.3 feet.

carries about 14,400 tons deadweight on a 34-foot draught, and has extensive passenger accommodation.

Rather than see four passengers who had the misfortune to miss the Makura at Vancouver and remain for a month pending the sailing of the Niagara, officials of the line arranged for the holding of the steamship at Victoria until the delinquents reached here on the main line.

Those being thus favored were Mr. Jensen, Martin Keough, J. Fleming and John Howlin, the latter of Nanaimo.

Among the more prominent passengers are Michel Cherniavsky, noted musician, and wife (nee Miss Rogers); the Archbishop of Exeter; G. Bacon, a theatrical man of New York, wife and two children; R. W. McLuckie, of Vancouver, a manufacturer of the East; W. C. Schwab and wife, of Buffalo, and Very Rev. Dean Hyland, of New York.

## MAKURA CLEARS FOR AUSTRALASIA

Automatic Telephones and Adding Machines Included in Big Outward Cargo

The Canadian-Australasian liner Makura, Captain L. C. H. Worrall, is clearing for sea this afternoon with 250 passengers and a full cargo for Auckland and Sydney via Honolulu and Suva. The Makura sailed from Vancouver at 6 o'clock, standard time, and reached the Outer Docks early this afternoon to embark additional passengers, mails and fifty tons of freight.

The through cargo carried by the Canadian-Australasian liner is a novel one, consisting of automatic telephones, adding machines, pianos, automobiles, canned goods and manufactured goods. The ship's manifest tells of over a hundred cases of automatic telephones stowed away below decks and they are for the Collingwood Exchange at Melbourne. The shipment was manufactured at Chicago.

Melbourne is not introducing the automatic telephone, and is completing the system. Already the automatic telephone in Australia is beyond the novelty stage.

Adding machines also form an important item on the manifest, the shipment being a large one.

Scheduled Altered.  
The ship is taking out her usual cargo, considerable additional shipments being delivered at Vancouver since the vessel arrived a week ago. The Makura was to have sailed last Wednesday, according to her regular schedule, but the vessel was held for three days to make her schedule conform with that of the liner Niagara, which is leaving Sydney, June 9 for Victoria and Vancouver.

Belated Travelers.  
Rather than see four passengers who had the misfortune to miss the Makura at Vancouver and remain for a month pending the sailing of the Niagara, officials of the line arranged for the holding of the steamship at Victoria until the delinquents reached here on the main line.

Those being thus favored were Mr. Jensen, Martin Keough, J. Fleming and John Howlin, the latter of Nanaimo.

Among the more prominent passengers are Michel Cherniavsky, noted musician, and wife (nee Miss Rogers); the Archbishop of Exeter; G. Bacon, a theatrical man of New York, wife and two children; R. W. McLuckie, of Vancouver, a manufacturer of the East; W. C. Schwab and wife, of Buffalo, and Very Rev. Dean Hyland, of New York.

Among the more prominent passengers are Michel Cherniavsky, noted musician, and wife (nee Miss Rogers); the Archbishop of Exeter; G. Bacon, a theatrical man of New York, wife and two children; R. W. McLuckie, of Vancouver, a manufacturer of the East; W. C. Schwab and wife, of Buffalo, and Very Rev. Dean Hyland, of New York.

Among the more prominent passengers are Michel Cherniavsky, noted musician, and wife (nee Miss Rogers); the Archbishop of Exeter; G. Bacon, a theatrical man of New York, wife and two children; R. W. McLuckie, of Vancouver, a manufacturer of the East; W. C. Schwab and wife, of Buffalo, and Very Rev. Dean Hyland, of New York.

## FOUR HUNDRED ON LINER SUWA MARU

Chinamen Are Now Crossing Pacific on Japanese Ships

Four hundred passengers aboard the Nippon Yusen Kaisha liner Suwa Maru which is due to make this port next Thursday from the Orient.

Of the total number of passengers on board the Suwa Maru is 123 for Victoria, including 23 first class, nine second class, and 92 steerage. For Seattle she had 70 first class, 35 second class and 166 steerage passengers.

On this trip the Suwa Maru is bringing 50 Chinese steerage. For a number of years the Chinese have persistently boycotted the Japanese ships, but as the C. P. O. S. and Blue Funnel liners are unable to handle the present rush, Chinese are being forced to take passage by the Japanese boats, or defer sailing indefinitely.

The Suwa Maru has a fair Oriental cargo, which includes 100 tons for Victoria.

The N. Y. K. freighter Genoa Maru reports wireless that she will make Vancouver Saturday. The Genoa has ten cars of silk and other general freight for Vancouver.

The N. Y. K. passenger liner Kagoshima Maru left Seattle yesterday morning and cleared from the Outer Docks here last night on her return trip to the Orient. The Kagoshima Maru has a good list of passengers and a capacity cargo.

# BRIEF LOCALS

W. C. T. U. Convention.—The Provincial convention of the W. C. T. U. will be held in the Metropolitan Methodist Church from June 13 to 18, inclusively.

Musical Examinations.—The local examinations in music, held in the city, by McGill University, will commence on June 14, the visiting examiner being Dr. J. E. Hodgson, of Calgary.

Garden Fete To-day.—The colors won by the Wolf Cubs six under Maurice Davis, sixer, were presented this afternoon at the garden party held at Capt. E. Clarke's residence, Summit Avenue at 3.30 o'clock, under the auspices of the Fairfield Boy Scouts Troop and Pack.

Memorial Service.—All members of the Ladies' Auxiliary to the Army and Navy Veterans are requested to meet at the corner of Courtney and Blanshard Streets at 2 p.m. Sunday for the purpose of joining in the memorial service being held at Christ Church Cathedral.

Victoria Photographic Society.—The regular monthly meeting of the Victoria Photographic Society will be held on Monday at 8 p.m. in the 1st and Arts and Crafts room, 203 Union Bank Building. Special subject, "A Talk on Flower Photography," "A Project for Circulating Portfolio," "A Portrait."

Chamber of Commerce.—The regular luncheon and business session of the directors of the Chamber of Commerce will not be held on Monday owing to the fact that Rt. Hon. James W. Lowther will address the Canadian Club, and many of the members are anxious to hear him speak. The next luncheon meeting will therefore be held at the Dominion Hotel at 12.30 o'clock Monday, June 13.

Will March in Parade.—At a meeting of the naval branch of the G. W. V. A., held last night in the rooms on Fort Street, it was decided that the naval or Esquimalt section of the G. W. V. A. would take part in the memorial parade to-morrow, assembling at the corner of Fort and Douglas Streets for that occasion. All ex-naval ratings, Royal Marine and R. N. C. V. R. are asked to be in attendance to take part in the event. Comrade J. McIntosh presided.

Central Parent-Teachers.—"Youth of France" is the subject of an address to be given by Madame Sanderson-Mongin, at the general meeting of the Central School Parent-Teachers' Association, on Monday evening, June 6, at 8 p.m. in the assembly hall of the Central School. Miss Shrapnel and Mr. Butterworth have kindly consented to assist with the musical programme. The meeting will be held in the assembly room of the Girls' School at 8.30, and all are most welcome. This being the last meeting before September it is hoped as many as possible will attend.

Discussion on Reincarnation.—In their rooms, 101 Union Bank Building, on Sunday at 8 p.m., the Theosophical Society will discuss the subject of reincarnation. The meeting is free and the discussion open to the public, the object of the discussion being not entirely to present the Theosophical teachings on reincarnation, but to have opposite views and to reason the subject from an open standpoint. Scientists and religiousists alike are continuing to give support to this theory of life and its expression in periods of activity and rest.

Social Service Work.—At a meeting of the Social Service Committee in the Y. M. C. A. building yesterday, with the Rev. J. L. Batty in the chair, it was reported that the work being done was of great success. Miss Thomson, social service worker, made an interesting report to the meeting, which showed that fifty cases were visited during the month. Miss Crause reported on the Girls' Club on Stanley Avenue, where social and work is being done. The institution proving a home to many, it was stated. A committee to extend the funds of the organization for further work was appointed at the meeting yesterday including Mrs. McEwan, treasurer, and Mrs. Douglas Hallam, secretary.

Eagles Install Officers.—On Wednesday night, June 2, Past Worthing Presidents J. J. Wachter and J. M. Hughes installed the following brothers as officers of Victoria Aerie No. 12, Fraternal Order of Eagles: J. J. Wachter, past worthy president; J. H. Burnett, worthy vice-president; A. G. Jacques, worthy president; W. W. Laine, secretary; Geo. Rea, treasurer; F. White, conductor; W. Morrell, inside guard; P. Christensen, outside guard; 22 years; Dr. A. D. Bechtel, aerie physician; P. Kenney, trustee; F. LeRoy, trustee. Several applications were taken for membership. There will be a class initiation at the next meeting, June 15. After the meeting the Aerie held an open social and a very enjoyable time was spent with singing, dancing and other forms of entertainment.

Opens Offices.—Dr. W. S. Newitt has reopened the dental offices of the late Dr. Proctor, corner of Yates Street and Government Street, Adelphi Block.

Valuable Coat Missing.—A fur coat valued by the owner at \$700.50 was reported to the police to-day to be stolen from a room occupied by the owner, Mrs. H. H. Olsen, at the Clarence Hotel. The thief secured his catch between 10.30 last night and 2 o'clock this morning, it was stated.

Missing His Enjoyment.—Saanchi Bill, one of the oldest of the Saanich tribe of Indians, was charged in the city police court to-day, but for the first time on record failed to appear. Usually Saanchi Bill takes the morning court proceedings as an integral part of the business of enjoyment, but to-day he was missing and his bail to the extent of \$20 was declared forfeit.

Liquor in Bread Bin.—In the Oak Bay police court to-day Richard Bell, charged with being in possession of liquor, was convicted and fined \$100 or one month in jail. Chief Syme told of midnight parties at the premises, and the finding of four bottles, three full of liquor in a bread bin in the pantry. R. C. Lowe appeared for the accused who pleaded "guilty," but claimed the liquor was for private consumption. The liquor was declared confiscated. J. S. Brandon prosecuted for the municipality.

Charge With Having Drugs.—Peter Goudie, arrested by Sergeant Florence with Constable Acreman at 5 o'clock this morning was charged in the police court to-day with being in possession of drugs unlawfully. What are alleged to be cocaine, morphine and heroin tablets and packages to the value of nearly \$200 were found outside the window of the room occupied by the accused. It is claimed the accused dumped the parcel through window when the police entered. R. C. Lowe appeared for the accused and obtained a remand until Wednesday next.

# PRIDE

The development of our prescription service is a matter of pride with us.

We maintain the highest standards, both in quality and workmanship.

# FINAL PLANS MADE FOR MONDAY'S DRIVE

## Red Cross Looks For Many New Members Next Week

Arrangements are now complete for the whirlwind Red Cross drive for membership which is to be undertaken in the city on Monday, but there is still a need for further volunteers to lend their services for the day. Offers of assistance will be gladly welcomed at the headquarters, Belmont Building.

Mrs. J. H. Fletcher, 1124 Rockland Avenue, has very kindly volunteered to take over the Fairfield district, and is asking for assistance. During the war the Fairfield branch distinguished itself for the amount of money collected and work done. It is hoped that the former members will volunteer their services and phone Mrs. Fletcher so as to keep up the reputation of the district in Red Cross matters.

Mrs. Brentzen, Glengarry Apartments, has very kindly offered her services for this branch.

Volunteers Needed.

The following volunteers have enlisted their services in the Hollywood district: Mrs. C. W. Anderson, 154 Robertson Street, convenor; Miss Muir, 138 Robertson Street; Mrs. Ashdown, 208 Wildwood Avenue; Mrs. W. C. Edgar, 138 Hollywood Avenue; Mrs. Cornwell, 216 Wildwood Avenue; Mr. Baylis, Hollywood Grocery.

More workers are wanted and anyone who can spare a little of their time are requested to phone the convenor.

Mrs. Rathorn, 1415 Gladstone Avenue, has generously undertaken to see that the Sayward and B. C. Permanent Loan Buildings are canvassed this next week.

One of the largest life insurance companies had their general manager call at Red Cross Headquarters this morning and volunteered the services of the whole of their staff to canvass the centre portion of the city next week. Among a number of callers at Red Cross Headquarters are some of the old life members, who have very promptly renewed their membership by paying another \$25. They have realized the great necessity of having the work continued.

All subscriptions should be sent to Victoria City and District Branch, Room 118, Belmont House.

The Empress Taxi Stand, at the corner of Government and Fort Streets, have kindly offered space for a station for the drive next week, which is much appreciated. At this station it is proposed to show some of the work done at the Red Cross Workshop, 514 Fort Street. Life membership, annual memberships and junior memberships will be sold at this station all through the week. Mrs. H. P. Heming, Mrs. Goulding Wilson, and Mrs. Brett have kindly volunteered for stations in the downtown section.

Miss Agnew is convenor for the Rockland Avenue district, with the following assistants: Mrs. (Dr.) Lennox, Mrs. (Dr.) Beckwith, Mrs. D. Ross, Mrs. (Dr.) Barrett, Mrs. C. Hoard, Miss Carey, Miss Gladys Irving, Miss Marion Pitts, Mrs. A. C. Burdick, Mrs. Gertrude Huntley Green, Mrs. James D. Angus.

Tolmie Parent-Teachers.—The Tolmie Parent-Teachers' Association meets on Tuesday evening, June 7, at 8 o'clock in the Tolmie School.

Remand Granted.—Nip Sung, a Chinaman, was charged in the city police court to-day with being in possession of liquor and also of opium, both without lawful pretext. The accused pleaded not guilty to both counts and was remanded until Tuesday, when W. S. Newitt will enter an appearance on his behalf. Chung, charged with being in possession of opium under the Opium and Narcotics Drug Act, entered a plea of guilty in the police court to-day and was fined \$200, with the option of three months in jail. Chief Fry with a posse arrested the accused in premises at 553-555 Pignard Street. Magistrate Jay warned the accused that under this section of the same act he laid himself open to a fine of not more than \$1,000 or less than \$200, with a maximum alternative of one year in jail. Chief Fry charged Chung with speeding on Douglas Street, was fined \$15.

Mountain-Forest  
and Stream  
Beckon Mother Out

"Has she the Time?"

IN the daytime, snowy peaks, glinting; when night is falling, great velvety silhouettes looming, mysterious, aloof—never does the charm of mountains appeal more strongly than now. So, with thick forest and hurrying stream. These are the days to be outdoors. Shelly's 4X Bread, delivered to her daily, would give Mother more time to spend in the sunny air—saving the heated hours she spends in baking bread. You would like Shelly's loaves—well risen, golden-crust; the nuttily sweet flavor satisfies.

**SHELLY'S 4X BREAD**

## GERMANS BAN MONOCLE

An order forbidding the wearing of the monocle by officers and members of the Security Police issued by the Prussian Minister of the Interior has brought down upon the

minister a veritable avalanche of abuse. It also has evoked reams of argument in favor of the ancient institution of the single eye-glass. The minister described the wearing of the monocle as "an unbecoming habit," and attributed it to the

vanity of officers rather than to any weakness of the eye. His critics accuse him of being deficient in anatomical knowledge, of making a grandstand play to the proletariat, and of a malicious attempt to overthrow an old, honored and common German institution.

## MANY CHILDREN BURNED ON BEACHES

Naked Feet Badly Injured by Half Covered Embers From Careless Camp Fires

The practice of covering beach fires with a scattering of sand on the city and district beaches, without making sure that all embers are extinguished first with water, is meeting with the usual quota of accidents at this time of the year.

Many picnic parties frequent the beaches these days, and there are many bathers, all of whom feel the need of a fire.

Some of these fires are put out well and effectively, but by far the greater number are merely kicked apart and a little sand thrown over the remains. The practice is doubly pernicious, for it does not extinguish the fire and cool the hot coals, but it hides the traces of the fire until some little bare feet happen to tramp upon the still glowing embers thus covered in the sand.

In this manner a number of children have obtained burns that occasioned medical attention. All parents are asked to make sure that fires no longer required are first deluged with water, and when out beyond all possibility of relighting, covered to a depth of a foot at least with wet sand. Dry sand is no use for this purpose as the wind takes it away, air creeps in, and a few minutes later the coals are glowing again all the more dangerous for being thus partially obscured. If the people who carelessly leave fires in this manner could have the painful experience of burning their own feet upon the wicked embers the nuisance of carelessness in this matter would soon die out.

## TO EXAMINE PLANNED LOCATION OF DRAIN

Aldermen to Go to Reservoir on Drainage Scheme

Before a drain is installed at the city's Humpback Reservoir to carry off superfluous water from Humpback Lake members of the City Council will visit the lake personally and inspect the proposed location of the drain.

City Engineer F. M. Preston yesterday reported to the Council the following is an estimate of the cost of laying an overflow from Humpback Reservoir into the Goldstream Creek as suggested in my report of the same date.

"At first sight this route appeared an ideal one for an open ditch, but levels taken over the line have proved such a method impracticable, and the carrying out of the scheme would entail the laying of a steel pipe from the brow of the hill to the creek below, and the cost of the work, using steel pipe, would be approximately \$21,000. As this is a large expenditure, I think it would be as well to lay the matter on the table for a fortnight in order to give me an opportunity of making further investi-

gations as to other possible routes for this overflow."

When they receive a second report from Mr. Preston on the scheme the aldermen will visit Humpback Reservoir and take the opportunity to examine the whole of the city's waterworks equipment there.

## PREPARE FOR BRIDGE WORK AT ROCK BAY

To Dump Waste For Filling on Bridge Site

Work in preparation for the installation of the present Johnson Street Bridge at Rock Bay will be commenced by the city immediately, if plans under consideration by the civic authorities are carried out. Acting Mayor George Sangster announced after a meeting of the City Council in Streets Committee yesterday afternoon. It is planned to dump all suitable waste material on the bridge site in future. Alderman Sangster stated. As a result of this filling the site will be prepared for the installation of the bridge.

The Rock Bay Bridge question was brought before the Council by Alderman Woodward, who thought that work should be done on the Rock Bay Bridge site as soon as possible. It was urged, he said, that preparations should be made for the installation of the present Johnson Street Bridge there, if the viaduct were to be used for this purpose at all. There was a certain amount of money available for this purpose, he stated.

"The middle of the Straits would be a good place for that bridge," Alderman Todd declared.

"We won't need to make any preparations for the removal of the old bridge this year, judging by the way work on the new bridge is progressing," said Alderman Fullerton.

"Next year will be plenty of time," agreed Alderman Dinsdale. "This matter can be dealt with at any time as the Engineer's report on the whole scheme was merely laid on the table before," Alderman Sangster pointed out. "I don't think we should do anything in the meantime."

"I think we can safely leave the matter over to the next Council," Alderman Todd insisted. "Personally I don't believe that the bridge would be satisfactory in that position. It might be sold for junk or if the junk dealers didn't want it we could take it out and dump it in the sea. It's a white elephant, I believe."

The Council decided not to spend any money at Rock Bay at present and the plans for dumping filling on the site will be put into effect as soon as possible.

# THE AUTOMOBILE

## Does Your Battery Contain Insulations Or Separators?

Rubber has always been considered the logical material for battery insulation. But certain characteristics of rubber made its use impracticable in automobile starting and lighting batteries beyond a certain limited extent.

For years not only Willard but other battery makers wrestled with the problem of producing more nearly perfect insulation. Most of them gave up, but Willard did not. The result was the Still Better Willard, with Threaded Rubber Insulation.

### INSERTING SMALL SCREWS

It is often difficult to start by hand the small screws such as are used in the magnet, speedometer, etc. An easy way around this difficulty is to hold the screws between the legs of a pair of calipers, a drawing compass or even in the slot of an ordinary steel pen. The screw is then driven home by the small screw-driver. The same method may be used in replacing small nuts located inaccessibly.

To prevent auto accidents near schools Chicago chief of police will station a traffic policeman at each school to teach the boys how to handle traffic in the crowded streets.

## CLUB WILL MEET IN NEW QUARTERS

Victoria Automobile Club General Meeting Next Friday Evening

The offices of the Victoria Automobile Club are now located at 402, 403 Pemberton Building and Secretary R. R. Webb will hereafter be found at the new headquarters, a move to the new premises having been made last week. Arrangements are also being made for meetings of the club to be held at 313 Pemberton Building, and the next general meeting of the club will be held there at 8.30 o'clock next Friday evening.

The agreement whereby the Victoria Automobile Club becomes affiliated with the Royal Automobile Club of Great Britain, the most powerful organization of its kind in the world, has been received and the local club is now a full-fledged unit of the larger association. The membership of the club is steadily increasing and a great deal of good work is being done by the organization in connection with roads, regulations and other matters. A full attendance of members is requested at the meeting on Friday night.

### TIRES UNDER BIG STRAIN

Weight and Speed Give Huge Striking Force: Test Results.

Do you understand the gaff an automobile tire must endure—the terrific forces operating to batter it to pieces? A light car weighing 1,750 pounds and travelling 25 miles an hour, covers 2,200 feet a minute and moves with a force of nearly 4,000,000 foot pounds. Imagine then, the force of the impact on the tire when you hit a rock or other obstruction in the roadway.

A heavy car weighing 3,300 pounds and going at 40 miles an hour, travels 3,520 feet a minute. This gives it moving force in excess of 18,500,000 pounds. Miller tire testing experts say the force of road shocks runs into the millions. Load the car with passengers or increase the speed and you increase these forces millions more.

To stand such strains, a standard make five-inch cord tire has 20 to 28 cords an inch. Though each cord has a strength of 15 pounds, there are eight piles or layers of these cords. This gives the five-inch tire a strength in fabric carcass alone of 2,000 to 3,000 pounds to the square inch, irrespective of strength given by other parts.

It takes an immense blow to bruise a tire. However, forces almost impossible for the average mind to conceive are operative. Bruises do not necessarily prove a tire defective.

## Beautiful View From Brenta Lodge

These are lovely days in the quiet beauty and natural charm of Saanich Arm. Calm and peaceful stretch its waters to the foot of the Malahat Mountain, and away northward to where Saltspring Island looms in the distance. Impatient grows the heart of the fisherman as he mentally bridges the gap between now and vacation time when he will live and rest awhile on the shores of this fair water and spend some of the happy hours trolling for salmon and grilse, and the others, too, who need rest and change of scene. Here is

the land of delight for them; right at Victoria's door, yet with a difference not usually obtainable in many hours' travel. Wood and water, hills and sky combine here to make a resting place or holiday pleasure-ground hard to surpass. And the personal comfort side is not absent to mar a perfect holiday.

Nestling in the southern end of the Arm, just below Sluggitt's station on the B. C. Interurban railway, is "Brenta Lodge," a place of rest and refreshment of such charm and quality as to make one loath to leave.

From its broad verandah the view is exquisite, and as the sun sets over the Malahat one wonders if such a scene can be duplicated elsewhere. Above the verandah the windows of the guest rooms overlook the same fair scene and down below the fishers are landing the spoil of their sport in the shape of many goodly sized salmon. Within they will soon be busy appreciating the fare of their hostess, Mrs. Powell, and by and bye around the open log fire will share with their less ardent holiday makers the story of their catch.

### INSERTING THE TUBE

When inserting a new inner tube or replacing the old one which has been repaired, the inside of the casing should first be wiped out with a damp cloth to remove any sand or grit that may be present. A single sharp-pointed grain of sand between the casing and the tube is very likely to force its way through the tube, causing the puncture. This is the real cause of many a mysterious puncture.

### HOME MADE TONGS

It is possible to make a pair of tongs that are convenient for removing nuts, etc., from the mud pan by flattening the ends of two pieces of No. 9 wire each thirty inches long. Five inches from the end a hole is drilled through each wire and through these holes a bolt is thrust and fitted with a nut. This completes the tongs, which will be found invaluable for picking small objects out of the mud pan or from around the motor.

## Petroleum Expert Tells How Gas Could Be Saved

The great demand for petroleum, resulting chiefly from the increase of oil-burning devices and motor-driven vehicles, forces producers of this essential mineral to increase its production by seeking new sources of supply and, what is more important, to use new methods for saving more of the oil brought to the surface than has been retained heretofore, says A. K. Elliott, Assistant Petroleum Engineer of the United States Bureau of Mines, in an interesting review of the industry, which is given here in part.

As in other kinds of mining, it is thought possible that a large additional recovery can be obtained at profit by working over the wastes in certain fields and by using more economical methods of production in the future.

A survey of the oil districts of California was made by the bureau in order to ascertain whether the visible masses of wasted oil-bearing sands would be a profitable source of supply. From the data collected, it is estimated that 2,359,100 barrels of oil, valued at more than \$3,500,000, could be obtained from the sand piles about producing wells and from the outcroppings in the vicinity of the fields.

Also many times that amount of oil scattered over nearly the total oil producing area might be recovered from seepage. Seepage, in this case, is the oil that is permitted to return into the ground or remain on the surface of oil-saturated ground.

Quoting from reliable authors (Arnold, Ralph, and Garfield, V. R., Methods of Oil Recovery in California, Tech. Paper 70, Bureau of Mines, 1914, p. 7): "It is probable that 10 to 15 per cent. of the total gross production of the State has been wasted through seepage or evaporation." This represents a loss of 15,000,000 barrels of oil yearly. Probably one-quarter to one-half of this amount seeps into the ground.

Recovering Wastes. As possible means of recovering a large amount of oil from these wastes, the following should be considered: (1) Recovering oil left in the sand that is produced with the oil; (2) reclaiming the oil that seeps into the ground through waste production, and treating the material in oil-bearing outcrops and asphalt beds that occur in certain sections.

In the early days of a productive field the rush of gas into a new well frequently sucks oil and sand with it in large quantities. Oftentimes adequate means of holding in the well are not available, and the oil is permitted to flow "wild" until the gas pressure diminishes enough to enable controlling the well. This may frequently suck oil and sand with it in large quantities. Oftentimes adequate means of holding in the well are not available, and the oil is permitted to flow "wild" until the gas pressure diminishes enough to enable controlling the well. This may frequently suck oil and sand with it in large quantities. Oftentimes adequate means of holding in the well are not available, and the oil is permitted to flow "wild" until the gas pressure diminishes enough to enable controlling the well.

Where wells produce only a small amount of sand, the so-called sand boxes are frequently used. The sand box is a long, narrow, open trough closed at the ends and fitted with baffles, the sand and emulsion settle to the bottom of the box, as are shovelled out as often as necessary.

How it Can Be Done. Also in the district that produce heavy gravity oils, a convenient way of separating the sand and oil is to permit the oil to flow through long open ditches to reservoirs where the free oil is removed by a suction pump. Evidently great quantities of oil can be wasted through seepage along the ditches and around the reservoir. If some accurate method could be used to compare the amount of oil as it actually recovered, the difference would be surprisingly large.

It is reported that the loss between the well and the field storage tank of one large producing company is approximately 40,000 barrels a month. Other companies report a proportionate amount.

Hardly a rough estimate can be made of the waste, as it is scattered over a wide area, and in many cases, at a considerable distance from its source. For example, of the 10,000,000 barrels of oil that flowed from the Lakeview gusher, 4,000,000 barrels overflowed the roughly constructed reservoirs and spread over the low region a mile from the well. The oil was of light gravity, and much of it seeped into the ground. Consequently spread over approximately 600 acres is a sticky, asphaltic crust, underneath which is sand saturated with oil to a depth of 2 to 6 feet.

Further search for sources from which crude might be extracted reveals the fact that in the natural asphalt beds and seeps along the Coast of California enormous quantities can be obtained.

TRUCK TIRES. For the man who drives a big heavy car the possibilities of truck pneumatics are worth consideration. These are now available in larger passenger car sizes, and they are much heavier than corresponding passenger car casings, insuring longer mileage at comparatively slight advance in cost.

Maryland Attorney-General has decided that a man's automobile, like his home, is his castle, and cannot be searched without a warrant.

## AUTOMOBILE IS FINANCIAL GUIDE OF CONDITIONS

People Are Realizing That Motor Car Sales Are True Barometer

"It used to be the stock market, but now it's the automobile that is our financial barometer, and a true guide of business and industrial conditions throughout the country," says a local dealer.

"Those who watch the trend of things financially are learning that the automobile reflects the true opinion of conditions more faithfully than any other guide, while it is not subject to the manipulation which makes the old barometers, such as the stock market, wheat, etc., so uncertain to depend upon."

"The fact is that the motor car is an absolutely indispensable feature of the commercial and industrial life of the country, and as soon as the recent depression began to lift, the first thing people began to do was to dig down into their stockings to buy new motor cars."

"The depression did more than anything else to impress the people with their great dependence upon the automobile—something which automobile manufacturers for years had been insisting upon, but an opinion which the general public was slow to appreciate."

"Now that the country is emerging from the near-chaos which engulfed it, every one is keenly watching motor sales, taking their cue from them as to general conditions. They realize that motor car sales are the true barometer and indication of the country's prosperity."

"Great business builder and uplifter as the motor car is, its economy makes it a part of our life which no family can try to do without. It is the beginning and end of Canadian existence, our heritage from alert, vigorous lovers of the great outdoors and the giant crystallizer of Canadian business."

### CHEAP PISTON RING A POOR INVESTMENT

"The use of cheap piston rings is not by any means of means an economy which is justified by results obtained from their use. The original cost of such rings may not exceed 25 cents each to the ultimate consumer, but in comparing the saving of fuel and oil as well as the performance of any motor with that when high-grade rings are used, it will be plainly understood that the original cost is the smallest factor to consider."

"The same proposition is before the man who is purchasing anything from a suit of clothes to a loaf of bread," says an expert. "For we know by experience that if we purchase a good suit of clothes paying possibly twice as much as for a poor suit, the better will undoubtedly do the work of three and many times four of the cheaper grade. The motorist public is bound to learn the lesson sooner or later, and it is an expensive teacher, the tearing apart of their motor several times to replace poor rings, where if a set of high-grade rings had been installed in the first place, this expense would have been alleviated."

## Straight-distilled—Therefore a Superior Gasoline

IMPERIAL Premier Gasoline, a straight-distilled, all refinery gasoline, is always uniform. The last drop out of the tank is just as clean-burning and powerful as the first drop fed to your motor.

Imperial Premier Gasoline has the unbroken chain of boiling points which can be depended upon to give you the easy start, the quick "pickup" and the big mileage you have a right to expect from good gasoline. It gives you "More Miles Per Gallon" and reduces repair and up-keep expenses.

In our five splendidly-equipped Canadian refineries we have every facility for making gasoline of the very highest quality. If better gasoline than Imperial Premier Gasoline could be made, Imperial Oil Limited would make it.

## SHOULD TAKE LOOK AT OIL EVERY DAY

Lubrication Is One of Important Features of Motor Car

Just a little lesson can best be told by admonishing the car owner who takes a personal interest in his car to look to his lubrication daily. Look at the oil in the motor daily. Do this or your car is not a good car long. It is the general lubrication aside from the motor that turns new cars into old ones before their time. Universal joints, spring bolts, steering arms and knuckles, all of these go toward making the rattly, squeaky old car out of what should be a new machine. Learn the location of your grease cups and oil holes, give them a little twist every day and be sure that you fill them when they are found empty instead of passing that one up. A simple machine will cost from 50 cents to \$2; the capable wear from this is too small to figure. Fill those universal joints, transmission and rear axle just a little often than they need it. Don't rely altogether on some set rule which says that grease or oil in a certain place should last a certain number of days or miles. Look yourself. Your transmission or differential may have some place that oil or grease works from and that was considered in the rule and instead of going 30 days as the rule says, may be almost dry at 20.

With regard to motor oil, get a good one, with the body recommended for your car and stay with it, changing the weight only for Winter and Summer, just a little lighter when Winter comes on. Changing oil every time some new make is shown you is costly. Mechanical troubles are best cared for by a capable mechanic, but proper lubrication is up to you.

Carpenters building a house in Rome, N. Y., found a robin's nest on the inside of a window casing. They destroyed it, but the bird started another. After this had occurred eight times the owner ordered that the nest be let alone.

## EXPECT EVEN MORE CAMPING PARTIES AT CORDOVA BAY

Hundreds of Families Making Plans to Holiday at Bathing Resort

All indications point to a tremendous camping colony at Cordova Bay this year, the permanent residents of the famous beach resort anticipating the influx of about two thousand Summer visitors by the close of this month.

Already the owners of cottages are moving into their Summer quarters from the city, and loads of furniture and equipment are daily to be noted on the highways leading to the sheltered waterside of Cordova Bay.

**For Tent Life.**  
Families accustomed to tent life at the resort during the Summer are already making arrangements with owners of camping sites near the beach, and there is every likelihood that there will be much additional land devoted to the purpose this year, as compared with the area so occupied in the past.

The fear that the highways leading to Cordova Bay would not be in the best of condition this year has now been definitely overcome, the announcement of a contribution of \$1,500 by the Provincial Public Works Department towards the improvement of Cadboro Bay Road, assuring the expenditure by Saanich of about an equal amount on this important highway and its continuation to Cordova Bay.

**Better Transportation.**  
Blenkinsop Road and the scenic drive between Mount Douglas Park and Cordova Bay are both being re-surfaced and oiled for the benefit of the expected traffic, and as a result it is probable that there will be a much better bus service than was in operation last year. At present the bus service to Cordova Bay is only to be described as sketchy, there being one regular car in operation at lengthy intervals and another machine but newly in commission, with no regular hours of operation. This condition is expected to be quickly remedied as soon as the campers begin to arrive in sufficient volume to assure return loads to the city, the Summer residents now making their appearance being mostly cottage occupants who have their own cars.

The operation of the Canadian National Railway has now given Cordova a most valuable connecting link with the city, the station serving the resort adjoining land which the Joint Beaches and Parks Committee has fitted up for the accommodation of hunting and picnicking parties, in close proximity to the beach.

**Desire Special Train.**  
It is anticipated that, in accordance with the practice of previous years, the railway will again operate a special train for the convenience of campers at Cordova and Mt. Douglas. This service having been one of the main factors in bringing this beautiful bathing beach into close touch with city residents seeking a day of relaxation as well as those able to make a camping expedition of long duration.

As a happy and safe playground for children during the long Summer school vacation, Cordova is without a peer save Cadboro Bay, and excels the latter in the comforts which accrue to family parties, the greater expanse of sandy beach making overcrowding practically impossible for many years to come, a feature greatly valued by the heads of families of growing children.

This year will see a great expansion in conveniences available to the

camping party, the well-established providers of food and small necessities having greatly expanded their lines of stock and in some cases built more spacious quarters. In addition there are a number of new entrants into the catering business, although most of these are more interested in the casual holiday maker's need than meeting the requirements of the permanent camper.

**Value of Store Service.**  
The supply services which the city stores have for some years arranged for the benefit of their clients residing during the Summer at Cordova will again be in effect this year, the connection built up by this feature having been found of great value by those storekeepers who made a practice of regular deliveries at the various camping sites.

**Mount Douglas.**  
The popular camping site at Mount Douglas is looking very attractive this year, and there are already scheduled a larger number of organized picnics for this loveliest of all the beauty spots near Victoria. The Joint Parks Committee has made every provision for the comfort of holiday makers, and already small parties are daily to be noted.

## VANCOUVER PLANS BIG MOTOR SHOW

Will Display Cars, Boats and Cycles of Every Description

Vancouver is looking forward to what promises to be one of the most complete motor exhibitions ever held in Canada.

The exhibition will be held at the Arena, four days beginning Wednesday, June 22. A magnificent display of automobiles, motor boats and motorcycles will be a feature of the show, in connection with a booth will be established, where information of every nature pertaining to roads, waterways and points of interest in B. C. may be obtained.

Many guide books and scenes along the many beautiful land and waterways of the Province may be secured and the wonderful "Great Outdoors" of B. C. will be boosted generally.

Another and equally interesting part of this exhibition will be the display of gasoline and electric motors, embracing every type of motor for commercial and domestic use. Not all dealers have yet been approached regarding exhibits, but it is practically certain that everyone of any consequence will be represented at this exhibition, which is being planned as the first annual affair of its kind.

There will be a series of spectacular attractions each evening, and a spacious dance floor will be provided for the later hours.

**PROPER ATTENTION  
TO SMALL DETAILS  
MEANS BIG SAVING**

**Car Owners Prevent Serious Trouble by Careful Inspection**

Car owners generally have learned the value of an expert's services with various electrical units on their cars. There are, however, a number of small things in the nature of inspection which car owners themselves can do to prevent serious troubles.

Generators, starting motors, magnets, distributors, etc., should be kept clean. This may be accomplished by applying fine sand-paper to the commutator when the armature is revolving. This requires but a moment, and saves much trouble. Never use emery cloth or paper for this purpose.

Attention to the generator charging rate as indicated by a reliable dash ammeter is important. Excess charging rate in excesses of 16 amperes on the average car is the forerunner of trouble and the car should be taken to an expert for inspection if this value is exceeded. The expert will make comparison with the equipment manufacturer's standards and adjust the charging rate accordingly.

The battery should receive a hydrometer test at frequent intervals and should the test indicate a gravity reading of less than 1.200 it is approaching a discharged condition. In this event endeavor to favor the battery all possible by the limited use of lights and starter for a few days. If this cannot be conveniently done have the battery charged from an external source.

**Look After Wiring**  
Make occasional inspections of the car wiring connections to lamps, switches, etc. Look for abrasions at the various points where wires are connected. Grounds and short circuits blow fuses on certain cars and burn out switches on others.

The proverbial "stitch in time" may aptly be applied to the electrical system of the modern motor car.

## New Riverside Hotel Opens at Cowichan Lake for Tourists

Riverside, Cowichan Lake, June 4—Vancouver Island's latest holiday resort hotel, which has just been completed here at a cost of more than \$25,000, will be opened the middle of next week.

The new hotel is on a larger and more modern scale than the old Riverside Inn which it replaces. So popular have Cowichan Lake and the River been for motorists, fishermen and just plain holiday parties, that when the old hotel was burned on February 22 of this year, Harry Hodgson, owner of the place, immediately announced the new building, and saw to it that work was commenced at once. He promised that he would have the hotel open for the Summer tourist season, and now he says he can boast of making good.

On exactly the same site as the former building, overlooking the

river, and a few hundred yards from the lake is the new hotel. It has twenty-four sleeping rooms, a number of them with private porches. Hot and cold running water and electric lights are in every room. All these services are supplied by automatically controlled machinery. There is a wide verandah on the front, overlooking the tennis courts. The large main lobby, in which there is an open stone fireplace, is connected with the dining room by swinging doors, so that both can be made into a large hall for dances.

The twenty-mile road through the big timber area, from Duncan to Cowichan Lake is now in good condition.

Direct telephone communication between Port Arthur and Capetown, on the C.N.R., has been established.

## FORD OWNERS

We invite an inspection of our **REPAIR SHOP** which is one of the most **MODERN** in the City as regards light and equipment for the quick execution of your **Ford Repairs**.

## CALL OF THE OPEN APPEALS TO AUTOIST

City Folk Flock to Country Highways; Nature Now at Her Best

The call of the open is too insistent these days for even the chronic stay-at-home and motorists are flocking to the highways and byways in increasing numbers as each day passes. Miles upon miles of splendid roads in and about Victoria and throughout Vancouver Island, make it possible for tired city folk to visit their country cousins and to enjoy the beauties of nature which

at this time of year, are in most attractive garb.

Streams of cars of all makes, descriptions and conditions, are to be seen everywhere. Anything that will run on four wheels has been commissioned for active service and the sound of merry laughter reverberates through the country lanes as the happy parties wend their way to lake and seaside resorts.

This is the time of year that every car should receive a thorough inspection before entering upon its heavy season's service. An ounce of prevention is worth a pound of cure and it pays to see that everything is in proper order before starting out on a lengthy tour. It is only in this way that the greatest amount of pleasure can be gotten out of a run over the Island highways.

The opportunity to get out into the open that is presented to car owners is without a doubt one reason, in fact the big reason, for the ever-increasing popularity of the automobile.

With the roads in good condition and a few hours of spare time, a man and his family is able to make full advantage of the fine weather and get away from the noise and bustle of the city out into the open spaces.

Victoria and Vancouver Island is well supplied with resorts that are easily accessible with the automobile and more and more car owners are getting acquainted with them each year.

With the school holidays approaching, families are planning their Summer outings and in the meantime week-end tours are all the fashion. It is predicted, so, that this year will see a greater influx of campers and tourists from the United States than in any previous year. Taking it all in all, the year 1921 promises to be the biggest for outing parties in the Island's history.

The barge *Mistec* was lost in a storm off Whitefish Point, Lake Superior, with seven persons.

**VANCOUVER AND VICTORIA**

## Our Summer Camps Will Soon Be Here

ing themselves of the opportunity of learning to swim prior to going into camp. To date the energetic instructor has not had time to teach anyone where the pupil was disappointed in attaining the mastery, while many phenomenal successes have been recorded by some of the young members.

**Boys' Naval Brigade**

It is expected that the Provincial camp of the Boys' Naval Brigade will enter the field again this year, last year proving one of the most successful of the boys' camps held in this district. Boys of the various divisions of the B. C. Naval Brigade attended in numbers and their presence in camp was considerably commented upon on every side.

**Cadets Preparing**

The military authorities are also preparing for their annual cadet camp which this year, it is understood, will be held in the valley yet staged. The camp at Rod Hill last year was well attended and the cadets had a splendid time, combining useful knowledge with plenty of opportunity for recreation. The leaders who through one or other of these sources may take their annual vacation in camp should not miss the opportunity for it is truly a golden one, where friendship, cheerfulness and good companionship lend a touch of freshness to the year of work that is ever a useful factor in building up the boys into a healthy, happy, and optimistic men of the future and to-day the world needs all the healthy, optimistic men it can see.

enough to feed their rapacious maws.  
If you have occasion to make use  
of a fire in the woods, first clear  
the land for a distance of

feet on all sides of the place where the fire is to be built and then build the fire carefully. Take note of the wind, and use only the minimum of fuel needed for the work, a few sticks of dry oak will boil a kettle much faster and more pleasantly for the waiter than three or four logs seven feet long, as we have seen in use on this island.

There is no harm in having a fire as long as it is watched. No fire should be left unguarded for a moment, for in this manner the forests of this Province millions of dollars of potential timber wealth every year. On leaving the camp make sure that the fire is out, it is not sufficient to just think it is, make sure.

Again at the beaches, your fire is seldom likely to be more than ten feet from the bank and in many places the dry grass comes down to the edge of the beach, more often than not this grass is in the outskirts of somebody's home, and if that fire is not put out on leaving you may render a family homeless and destitute for want of a little thought. It takes no longer to do anything correctly and it saves danger to others, and perhaps a more selfish factor, but one that will stand you in good stead in after years, attention to these little details of personal care will save you, in after life, the thousands of dollars and many good dollars, the need of which you will one day appreciate.

## of the Little Wioets

(concluded)

the sixth chapter of St. Matthew, 28th verse, "Consider the lilies of the field, how they grow." Lifting his head, he looked upon the earnest

faces of his listeners; then, suddenly, his whole being tingled with joy, his eyes rested on the face of the boy

people to pass on and placed his hand lightly on the boy's shoulder. Ben turned quickly.

"My dear old chum," exclaimed Jim, "last night—"

"Why, Jim," cried the boy astonished. Then both hands met in a hearty grasp. "I never recognized you the first in the pulpit," excited at meeting his old friend again, "but you sure got me guessing as to where I had seen your face."

Ben turned to his parents. "Meet the folks Jim," he said.

Jim held out his hand in welcome.

"Why lad, I'm mighty glad to see you again," said Benny's father, who was the first to find his voice.

"For land's sake," cried one from the astonished wife's lips, "if it isn't young Jim Dalton!"

When greetings were over, Jim turned happily to Benny. "Now, old chum, what you want to do?"

"Just this, Jim, I'm right proud to call you friend."

"Well, Benny, my boy, owe my success to you. Your words and encouragement and the beautiful flowers filled my life with a desire that was one day to blossom forth."

"One day," whispered the old father, "just he said that. Didn't I always say swell flowers sometimes spring from presumably unproductive soil?" But Ma did not answer. She was thinking remorsefully of the time she had spent in the garden for stealing away to the boat and taking her party flowers.—Contributed by Mrs. Harrison Eke.

The End.

## Vancouver Island News

### FULFORD HARBOR WANTS NEW WHARF

Petition Sent to Ottawa, But No Response; Trade Is Hampered

Better landing facilities at Fulford Harbor are sought by the residents of that section of Saltspring Island, the nearest landing place on the island, just north of the Saanich Peninsula.

The Field Brothers, who own a ranch in Happy Valley, go in largely for sheep raising and their two panthers have been famous throughout the district. Mr. Field, when speaking of his experience, expressed a wish that people who see a panther or who even think they see a panther would notify them or anyone else who owns well trained panther dogs, and give them a chance to kill before the panther works much damage.

The Field brothers have accounted for a number of panthers in the district. A busy season. The Sidney Trading Company has shipped so far this season five thousand cases of canned clams. Almost the entire five thousand cases went to supply the local western trade. The Review.

Flower Show Date. Sidney.—The North Saanich Women's Institute has decided to hold the annual flower show and exhibition of women's and children's work on Wednesday, August 11. All ladies and children in the district are cordially invited to send exhibits of work and flowers.

Sidney News.—N. J. Brasell, of Vancouver, representing the United Engineering & Appraisal Co. of Seattle, was in Sidney for nearly two weeks on the valuation of the Sidney Mills, Ltd. mill. Mr. Brasell is the Canadian representative of the United Engineering & Appraisal Co., with headquarters in the Standard Bank Building, Vancouver. While in Sidney he was a guest at the Sidney Hotel.

MEETING WAS HELD AT COBBLE HILL

Cobble Hill, June 3.—At a meeting of the Women's Institute, the first held in the new hall, Mrs. Neurotina, on behalf of the Navy League of Canada, gave a most interesting address.

An invitation from Mrs. Palmer, Cowichan, to hold the next meeting in her garden, that the members might see the garden at its best, was then read.

Mrs. F. Porter gave a report on the fete held on May 15. The funds over the amount promised amounted to \$34.52, and was voted towards the outer door for the front of the Community Hall.

Mrs. F. Porter's resignation from the Recreation Committee was then read and regretfully accepted.

A vote of thanks was passed to Mrs. F. Porter for her able work in the past.

Miss Alexander made a report for the health centre.

Mrs. Bird reported on her visit to the Victoria Convention on Child Welfare. It was decided that Mrs. Steine, Sec., should interview Dr. Young to recommend the local doctor as a school and health inspector for the district.

A vote of thanks was passed to all those who helped to make the Cobble Hill Fete a success. After refreshments the meeting adjourned.

An injury.

Dan Sam's back was badly bruised, but not broken, as was at first thought, when he was knocked down by the end of a log as the truck of the logging camp was making a turn.

It is understood that the local shingle mill under the management of W. T. Dougan, known as The Pile City Woodworkers, is about to open again.

F. J. June, Jr., came here from Victoria and helped to put up the new frame for the stage of the new hall. Mr. June says he can see a bright future ahead for Cobble Hill.

Monument.

The Monument Committee are about to use the balance of the funds for the erection of a suitable protection to guard the monument in the way of a fence or chains. The

Farm by the S. C. R. who will give up the farm shortly.

Mr. Robson is getting ahead this season. He already has his first crop of hay in cock.

Mr. Molesworth and Mr. Canan are looking for a heavy crop of berries this season, and are expecting their order of over 300 berry crates every day.

Gooseberries.

Mrs. B. Robson is shipping her first lot of gooseberries. Mr. Hanolt, a newcomer in the district, is busy clearing the land on his ranch near Cherry Point.

Mrs. Makepeace is expecting her first child of the season from Calgary in a day or so, and all will go to camp out for the summer near Mill Bay.

Mr. Bonford, lately arrived from the prairies to settle on his ranch here, is expecting to go into the dairy business in an extensive way. Mr. Bonford holds some fine cups and ribbons that he won as prizes for Hereford cattle he raised on the prairie.

Dr. McPherson had a hurried call to St. W. School's Nurses to attend O. T. Kingsmill, who had three ribs broken by a kick from a horse.

EXPERIMENT WITH SILO CONSTRUCTION AT SIDNEY MILL

Sidney, June 4.—W. McLennan, of Vancouver, who is in Sidney for a few days superintending the erection of a silo at the mill yard for the purpose of testing out the workmanship of the mill, at the Sidney Mills, Ltd., have the contract for all the lumber required by the DeLaval Co., Ltd., for their B. C. business. The DeLaval Company, who are in business in big way manufacturing cream separators, milking machines, pasteurizers, churns and all dairy and creamery supplies, intend to have the silo shipped in a "knock-down" style. The parent company of the concern has its headquarters in Poughkeepsie, N. Y., for the United States business, and in Peterborough, Ont., for the Canadian business, with branches in Vancouver, Montreal, San Francisco and Winnipeg, and agents all over the civilized world. The DeLaval Co. is well known, as it has been manufacturing separate silos of like nature for over forty years. The silo that is being built here is 14 ft. by 25 ft.

PLAN CHURCH FOR GORDON HEAD

Picnic in Interests of Effort Set For June 29

As one of a number of schemes planned to aid in raising funds for a church in Gordon Head, the Gordon Head Women's Auxiliary have arranged for a big picnic at Cormorant Point on June 29, which will be featured by sports, swimming, an entertainment, and music by an orchestra.

For some years past the residents of Gordon Head have been in agreement as to the need of a consecrated church for the use of the Gordon Head Hall for church purposes was but a temporary stop-gap, only tolerated because of the lack of funds, with which to erect a church building.

As one of the prime movers in the campaign for funds and active in promoting the success of the picnic, Mrs. E. McNaughton last week expressed the views of Gordon Head residents as being "A church will promote a stronger community spirit and a greater pride in the district. It is not good for a people to have no place in which to worship, and the modern idea of combining the growth of soul and body through the co-ordination of religious work and athletic effort calls for the provision of a church equipped with a good gymnasium, classrooms and a dining hall. That is the idea with which the Women's Auxiliary is working in starting this campaign for funds."

It is pointed out that, while the Presbyterian Church has been the active organization in conducting church services in the Gordon Head district, the support to the proposal to erect a church edifice has come from so wide a range of religious opinion as to make the proposal practically an undenominational matter, although it is probable that the church to be built will be the Presbyterian denomination.

In view of the nature of the proposal an effort will be made to introduce the Chamber of Commerce, Victoria and Island Development Association and public bodies to interest themselves in the plan and to attend the picnic.

To Attend Conference.—The pastor of St. Paul's Lutheran Church, Prince Rupert, will leave Monday afternoon for Spokane, Wash., to attend the annual Synodical Conference of the Washington district of the Joint Synod of Ohio and other States. The conference will be in session for one week, consequently there will be no services at St. Paul's Church on Sunday, June 12. The Sunday School, however, will have its service as usual at 9:45 a.m.

PURIFY THE BLOOD

Only the kidneys can purify the blood, and Dr. Chase's Kidney Pills arouse the kidneys to healthful action. One pill a dose. 25c. a box, all dealers.

Dr. Chase's Kidney Pills

NEW HEALTH OFFICER AT COBBLE HILL

Cobble Hill, June 4.—Dr. McPherson has just received his appointment as Health Officer for the Cobble Hill District.

It is understood there will shortly be an auction sale at the Matson

### EVANGELIST TO SPEAK

REV. D. RAND PIERCE

Rev. D. Rand Pierce, of Boston, Mass., coast to coast evangelist, will open a revival campaign on Sunday at the Chantiqua grounds, corner of Pandora Avenue and Vancouver Street, where a tent has been erected for the purpose. Mr. Pierce is fresh from a series of campaigns in the United States, which included Cincinnati, Chicago and Washington, D. C., where great success has attended his labors. He is not a stranger to Western Canada, having spoken in this city some years ago, and was for one year on the staff of The Vancouver Daily Province. Evangelist Pierce will be assisted in the services by his gifted wife, a Canadian, in both song and sermon. Other co-workers are expected as well. There will be preaching on Sundays at 11 a. m., 2:30 and 8 p. m., and each week night at 8 p. m. Rev. and Mrs. J. S. Hopkins, of Everett, Wash., will join Evangelist Pierce here, a wire to that effect having just been received. Mr. Hopkins has recently concluded a pastorate at the Beverly Mass. Mrs. Hopkins will assist with solo.

LOCAL MACCABEES TO ATTEND RALLY IN VANCOUVER NEXT WEEK

The first regular meeting of Queen Alexandra Maccabees was held in K. of P. Hall, Commander Mrs. Galbraith presiding. There was a splendid representation of members. Regret was expressed owing to the unavoidable absence of Provincial Commander Mrs. Lillian P. Hodgson, who had left for Vancouver to welcome the Supreme and Provincial delegates to the rally. Mrs. Fraser was received as a guest of the Review, she having signified her intention to attend the rally.

Reports of the committees were received and final arrangements made for delegates attending the provincial rally to be held in Vancouver June 7 and 8. Besides the commander, Mrs. Galbraith, and sentinel, Mrs. Ball, who will be guests of honor at the rally, other members attending the rally are: Mesdames Rickards, Stephen, Ritchie, Martin, Bloor, Watson, Smeltz, Bennett, Gardner, Richmond, White, Ebbelston, McIntyre, Trowell, Bayless, Saxton, Bay, Acherman, and Young.

A communication was read from Mrs. B. J. West, secretary of the Maccabees, notifying the Review of the appointment of Mrs. Mary E. Ball as the Review representative on the Hospital Board.

The drawing then took place for the rope of pearls, which had been presented to the Review, the winning number being 38, held by Miss Parkinson, of Stuart Street, also for the knitted sash presented to the Review by Past Commander Rickards, the winning number being 41, held by Mrs. Topp Watson.

W. M. R.—East-Forward Movement (placed in requests and endowments) 237,504

China Famine Fund 34,664,566

The budget givings of congregations of \$1,065,536 show an increase of \$18,804 over 1919, and \$160,437 over 1918.

St. Andrew's Presbyterian Church.—The Ladies Aid Society will meet at the home of Mrs. Head, North Quadra, on Monday afternoon. Members will please take the Lake Hill bus, leaving the Campbell Block, Douglas Street, at 2:30 p. m.

LEAVING VICTORIA WEST.

Rev. R. M. Thompson, who has had charge of the Wesley Methodist Church, will leave for his new circuit, Chilliwack, B. C., at the beginning of next week. On his way up, he will remain in Vancouver for a few days, taking his first service in Chilliwack on Sunday, June 19. On Sunday he will give his farewell message to the Wesley congregation.

BAPTIST CONVENTION.

Vancouver, June 4.—The annual convention of the Baptist churches in British Columbia will be held in the Killalano Baptist Church, in the latter part of this month. Friday, June 24, will probably be the date of the opening session of the conference.

Church of Our Lord.—The services in this church on Sunday, June 6, will be conducted and sermons preached by Rev. H. J. Gardiner, pastor in charge of St. Margaret's Church, Vancouver, the new effort of the Reformed Episcopal Church in that city. Mr. Gardiner's subject will be "The Kingdom of God." The service will be at 11 a. m., 2:30 p. m., 7:30 p. m., and evening, "The City of God." Rev. A. de Owen is expected back from the East next week among the funds participating in the Thank-offering.

THE PRESBYTERIAN PEACE THANK-OFFERING.—The original objective of \$4,000,000 for the Presbyterian Peace Thank-offering has been exceeded by \$1,272,659, the total amount subscribed having reached \$5,272,659. The most satisfactory result. Of this total, \$2,729,632 has been received, of which \$2,500,000 has been distributed among the funds participating in the Thank-offering.

### WESLEY CHURCH

LOSES PASTOR

Rev. R. M. Thompson's Valedictory Social on Monday

Keen regret is voiced by the members of the church in connection with the transfer of the pastor, Rev. R. M. Thompson, who is closing his successful four-year pastorate this week. Mr. Thompson's energetic ministrations have appealed to every section of the congregation, and there is no small portion to the church activities but will miss his tactful administration. Wesley Church has gained much under his guidance, the spiritual life of the community has been deepened, the membership considerably increased, and the financial obligations of the congregation have been very appreciably lessened. Mr. Thompson's closing messages to his congregation will be delivered next Sunday morning and evening, and it is anticipated that his many friends in the city at large, as well as his regular contributors, will take advantage of this opportunity of hearing his farewell addresses.

On the evening of Monday a farewell social will be held in the social hall of the church, at which his co-workers in the city will be invited to wish him God-speed in his new field of labor at Chilliwack.

Choir Banquet.

A very pleasant time was spent Wednesday evening by the members of the choir on the occasion of their second annual banquet. The programme and toast list proved exceptionally entertaining, and the following took part:—Misses Muir, Ada Cawley and Evelyn Buckler, Mesdames J. O. Welch, H. Walton, A. W. Stokes, and F. L. Tupman. Rev. R. M. Thompson, and Messrs. J. W. Buckler, F. L. Tupman, A. J. Daniels, E. J. Mitchell, and Dr. R. Collier. Dr. Isabel Collier presided in her usual acceptable manner at the piano, and the president, J. O. Welch, acted as toastmaster.

SERMONS ON NATIONAL LIFE

Dean Quainton to Preach Special Course at Christ Church Cathedral

On Sunday mornings of June the Dean of Columbia, Very Rev. C. S. Quainton, is announced to preach in Christ Church Cathedral a course of sermons on "The Best Government for the People." The subjects of the three sermons will deal with the moral, the intellectual and the religious elements.

The first sermon, on "The Best Government for the People," will be delivered at eleven o'clock service the Dean will deliver the first sermon of the course on "The Moral Element in National Life and Character."

Confirmation Service.

At four o'clock to-morrow afternoon the Bishop of the diocese, Right Rev. C. D. Schofield, will confer confirmation service in Christ Church Cathedral. Over a hundred candidates will be presented from the Cathedral parish for the apostolic rite of the laying on of hands.

PRESBYTERIANS GENEROUS

The givings of Presbyterians for the general work of that church during 1920 totalled \$4,464,566. This sum does not include interest from endowments, transfers from reserves or contributions for congregational purposes. It is made up as follows:

Budget giving of congregations \$1,065,536

Individual donations and payments on maintenance 45,789

Women's Missionary Societies 370,546

Forward Movement Thank-offering 2,619,076

W. M. R.—East-Forward Movement 34,816

Requests (placed in requests and endowments) 51,226

China Famine Fund 237,504

\$4,464,566

The budget givings of congregations of \$1,065,536 show an increase of \$18,804 over 1919, and \$160,437 over 1918.

St. Andrew's Presbyterian Church.—The Ladies Aid Society will meet at the home of Mrs. Head, North Quadra, on Monday afternoon. Members will please take the Lake Hill bus, leaving the Campbell Block, Douglas Street, at 2:30 p. m.

## Would You Bequeath Your Child to Charity?

If you should die, would your poor widow be so busy trying to make her own living that she would be forced to turn your helpless child over to the care of strangers or to a "Charity Home"?

Don't bequeath the child you worship, and who is so tenderly cared for, to Charity.

Protect your wife and "little one" with Mutual Life Insurance.

You CAN afford the Mutual Straight Life Policy, with profits applied to reduce the premiums. This policy provides low cost insurance that is absolutely safe.

Ask the Mutual Life Agent for particulars.

## THE MUTUAL LIFE of Canada: Waterloo, Ontario

FRED M. MCGREGOR, District Manager.

203-4 Times Building, Victoria, B. C.  
T. E. Marriner, J. W. Okell and H. F. Shade, City Agents.

## ERIC BURTON WINS RAINBOW GOLF CUP

Eric Burton won the Rainbow Cup in the finals of the golf competition played over the Victoria Golf Club's Oak Bay links yesterday. He was fourteen holes up at the end of the match. The best scores out of the forty-two entries, were as follows: Eric Burton, 14 up; A. Beasley, 12 up; J. E. Wilson, 10 up; Norman Rant, 9 up (holder of cup); J. R. Martin, 8 up; C. W. Martin, 7 up; J. D. Virtue, 6 up; Harold Wilson, 6 up; H. H. Shandley, 5 up; A. S. G. Musgrave, 4 up; W. B. Wilson, 3 up; H. Pooley, 3 up; H. G. S. Heisterman, 2 up; W. H. MacInnes, 2 up; L. S. V. York, 1 up; T. O. Mackay, 1 up; Hon. John Hart, all square, and Goulding and Wilson, all square.

## BRING IN BY-LAW TO GET MONEY FOR NEW HOSPITAL PLAN

The new hospital scheme will be advanced another stage on Monday night when the City Council will pass a by-law authorizing the City Comptroller, J. L. Raymer, to borrow \$225,000 for use in the Hospital Board's project. The by-law will be introduced by Acting Mayor George Sager. Printing of the debentures and so forth will require some weeks, so that the money will not be ready for use by the Hospital directors until well on in the summer.

**Slight Roof Fire.**—A roof fire at 338 Flaggard Street, at 6 o'clock last night gave the fire department a short run to extinguish a minor blaze. Little damage was occasioned.

**Friendly Help.**—The monthly meeting of the Friendly Help Association will be held on Tuesday morning, June 7, at 10:30, in the rooms, upstairs, Market Building, Cormorant Street.

**Wants More in Name.**—James Robertson, who is assistant railway agent at Ladysmith, is taking steps to have his name changed. He proposes to have the name Warren inserted between his Christian and his surname and has made the necessary application to the Provincial Government.

## Arcade Cafe

Importers and Blenders of Tea,  
Canada.

## CLUB WILL OPEN NEW UPLANDS DRIVE

Victoria Automobile Club Accepts Invitation; Link Completed in Shore Road

The Victoria Automobile Club has been asked officially to open the new Shore Road through Uplands which now completes this link necessary to make it possible for tourists to use the entire coast of the island from Victoria to Cordova Bay.

The Uplands, Limited, has invited to Club to institute a drive on next Wednesday evening, leaving whatever point is chosen as the rendezvous in the city at 8 o'clock and proceeding all the way by way of the shore roads.

The Uplands Company has had the necessary link completed under the supervision of their engineer, Fred T. Evans, the Tarriva method being used. It is probably that the club will gather at the Belmont Building on Humboldt Street, or at the Parliament Buildings, and, led by Norman A. Yarrow, president of the club, the line of cars will proceed to Dallas Rd. and thence to Uplands.

**Building Homes.**—Alfred Carmichael, of Uplands, Limited, reports that on two of the plots recently sold in Uplands, plans and specifications have already been prepared and homes will be erected immediately. A third purchaser has signified his intention of building a home this summer.

## CITY THREATENED WITH LEGAL ACTION

The city will face a law suit unless it acts to prevent the flooding of Saanich property owned by Councilor Kingwell, a member of the Saanich Municipal Council, according to information which has reached the city authorities. The matter was brought before the City Council in Streets Committee yesterday afternoon and referred to the City Solicitor and the City Engineer.

So far the city authorities are not very familiar with Mr. Kingwell's claims, but it is understood that he asserts that flooding of his land results from the overflow of waters under the city's supervision at the Elk Lake watershed. Mr. Kingwell already has asked for \$1,500 damages. Acting Mayor Sanger stated yesterday. He added that he believed that the city's position in the matter was sound.

## OBITUARY RECORD

At the Jubilee Hospital last evening the death occurred of Miss Mary Von Altmann, of Koksilah, at the age of 45 years. She was born in Washington, U. S. A., and had lived in Canada practically the whole of her life. She is survived by five sisters and one brother, Mrs. F. G. Dawley, Koksilah; Mrs. F. F. Ford, Mrs. Simpson and Mrs. Stricker, all of San Francisco; Mr. J. G. Smith, Sault Ste. Marie, and William Von Altmann, of Koksilah. The funeral will be held from the B. C. Funeral Chapel on Monday at 2 o'clock. The Rev. Robert Connell officiating. Interment will be made in Ross Bay Cemetery.

John Alexander Cox, the infant son of Mr. and Mrs. W. J. C. Cox, of 829 Woodstock Street, Esquimalt, died this morning at the Jubilee Hospital. The funeral will be held from the B. C. Funeral Chapel on Monday at 2 o'clock. The Rev. Robert Connell officiating. Interment will be made at Ross Bay Cemetery.

The remains of the late James McBrine Smith were laid at rest this afternoon in the family plot, Ross Bay Cemetery. Private service was held at St. Mary's Church, Esquimalt, attended by relatives and intimate friends of the family. Many beautiful flowers covered the casket. The pallbearers were Messrs. Marshall, J. Gordon, P. D. Goepel, Harry Briggs, J. Stuart, Yates, J. Floyd and D. Nairn. G. H. Andrews officiated at the church and the graveside.

## FEWER COMPANIES TENDER ON BRIDGE

Expect Four of Five Bids on Superstructure

The number of firms which will tender on the second Johnson Street Bridge contract has been reduced to about four or five, it was learned at the City Hall to-day. Information reaching the city authorities this morning is to the effect that English firms which were intending to tender on the work have decided to abandon their plan. It is thought almost certain, therefore, that the contract will be awarded to a Canadian company or else the work will be done by day labor under the supervision of City Engineer F. M. Preston.

Mr. Preston has completed preparation of an estimate of the cost of installing the bridge superstructure. He stated to-day that he would submit only this estimate to the City Council Monday night, and would not himself take into consideration the cost of the steel needed. A number of companies, it is expected, will tender for the contract for supplying steel.

## LIST OF DEATHS IN COLORADO DISASTER MAY MOUNT TO 3,000

(Continued from page 1.)  
Times contained a statement that "hundreds of lives have been lost."

Denver, Col., June 4.—From all over that part of Colorado lying east of the Rocky Mountains, but within the heaviest damage and probable loss of life reported from Pueblo, where several fires still were reported burning late last night, messages came this morning telling of terrible havoc wrought by floods following cloudbursts yesterday afternoon and last night.

**Fires.**—Colorado Springs, Col., June 4.—A report reaching here this morning said there were several fires burning in Pueblo, but no information was available as to their location. A Denver & Rio Grande train was to have been run from here to Pueblo, leaving at 10:30. It was said no attempt was to be made to run the train beyond Pueblo.

**Waters Receding.**—Denver, Col., June 4.—Water in the Union Station at Pueblo, flooded by waters from the Arkansas River, was receding this morning, according to brief telegrams received at the office of the Denver & Rio Grande Railroad Company here from its operator at Larkspur, Col., sixty miles south of Denver. All wire communication out of Pueblo has been cut off since last night.

**Lights Out.**—The message said the water had reached its high mark at Pueblo at 10 o'clock last night when there was nine feet six inches in the Union Depot. All lights and telephones were out of service. At 4 a. m., the message said, the water in the Pueblo Depot stood at 4 feet six inches, a drop of six feet. Parts of Pueblo are badly piled up with driftwood and derailed railroad equipment, according to the message. The message said the downtown section of Pueblo was covered with two feet of mud.

## PARTY OF EDITORS COMING TO COST

Winnipeg, June 4.—More than 150 editors of weekly newspapers in Ontario, Quebec and the Maritime Provinces en route to Vancouver to attend the annual convention of the Canadian Weekly Newspaper Association, arrived in Winnipeg this morning and are spending the day here. They were guests of the city at a luncheon in Assiniboine Park, and motor cars were provided to take them to points of interest. The editors are travelling in a special Canadian National Railway train and will leave Winnipeg at 9 o'clock to-night. For the convention, which will open Wednesday, they will be joined by 130 editors of weekly newspapers in the Prairie Provinces.

## SIR ALFRED YARROW TAKES IN SUMMER SPORT AT COWICHAN

Riverside, Cowichan Lake, June 4.—Sir Alfred Yarrow, noted British shipbuilder, who is the head of Yarrow, Ltd., on the Clyde, a branch of which there is at Esquimalt, has been holidaying in the Cowichan district during his visit to his son, Norman Yarrow of Esquimalt. When the younger members of Sir Alfred's party got in Indian canoes to shoot the thirty miles of rapids between the lake and Duncan, Sir Alfred declared that he did not care to go down with them as such things shooting rapids are too "monotonous."

Instead, Sir Alfred preferred to journey around in a more leisurely manner and see the country and its people. One of the first to meet him at Cowichan Lake was Thos. R. Cusack of Victoria, who was also on a holiday there. A photographer, nearby, snapped this photograph of Sir Alfred and Mr. Cusack as they were standing at the end of the bridge across the river and while Sir Alfred was telling how much he thinks of this country and its people and particularly of their thrift and eagerness to get ahead.

Sir Alfred is also enquiring into the results of prohibition in United States and Canada. The noted shipbuilder believes in feeling comfortable when he is out on a holiday. At Cowichan he dispensed with his hat altogether, but took the precaution of having an umbrella on duty to keep from being burned by the hot sun at the lake.

Riverside, Cowichan Lake, June 4.—Sir Alfred Yarrow, noted British shipbuilder, who is the head of Yarrow, Ltd., on the Clyde, a branch of which there is at Esquimalt, has been holidaying in the Cowichan district during his visit to his son, Norman Yarrow of Esquimalt. When the younger members of Sir Alfred's party got in Indian canoes to shoot the thirty miles of rapids between the lake and Duncan, Sir Alfred declared that he did not care to go down with them as such things shooting rapids are too "monotonous."

A photographer, nearby, snapped this photograph of Sir Alfred and Mr. Cusack as they were standing at the end of the bridge across the river and while Sir Alfred was telling how much he thinks of this country and its people and particularly of their thrift and eagerness to get ahead.

## HON. C. MURPHY ASKED ABOUT BYNG

Meighen Answered Questions in Commons

Ottawa Was Notified About Appointment

Ottawa, June 4.—(Canadian Press).—At the opening of the House of Commons this morning Hon. Charles Meighen asked the Prime Minister if Lord Byng had been appointed Governor-General of Canada, and if so if the Canadian Government had been officially advised before the announcement was made in the press. "If Lord Byng has been appointed, has he had any political and parliamentary experience apart from his military experience?" Mr. Murphy continued.

Mr. Meighen replied that the Government had been notified in the usual manner that His Majesty had been pleased to make in the press and that there was every reason to believe that he possessed a sound knowledge of political matters and in every way qualified for the office.

## NEW DIRECTOR FOR EDMONTON PAPER

John Imrie Becomes Manager of Journal

Edmonton, June 4.—The Edmonton Journal announced to-day the appointment of John M. Imrie as managing director of that newspaper in succession to the late Mr. R. Jennings, and the election to its board of directors of Charles K. Morrison and Arthur Yockney, who have been on the staff for many years as managing editor and business manager respectively.

Mr. Imrie, whose appointment will take effect July 1, has had a wide experience in newspaper work. He was manager of the Canadian Press Association and later of the Canadian Daily Newspaper Association. Recently he has been a member of the head office staff of William Southam & Sons, Ltd., doing special work of an executive character for various papers in which that company is interested.

## WORK TO INCREASE EMPIRE TRADE

Growth of British Council of Commerce

London, June 4.—(Canadian Press).—The seventh annual report of the British Imperial Council of Commerce states that as a result of the formal recommendation of the Congress of Chambers of Commerce of the British Empire, held in Toronto last September, it is hoped that a number of additional chambers will affiliate with the Council and take their share in promoting the interests of Empire Commerce. At present 117 chambers and associations of chambers are on the list, and these comprise most of the larger bodies, but over 500 British chambers are in existence.

## TELEGRAPH WIRES IN LIVERPOOL ARE CUT BY VANDALS

Liverpool, June 4.—Telegraph wires in various districts of Liverpool have been cut. Men were seen at the tops of poles tampering with the wires but they disappeared before the police arrived. Similar acts of vandalism are reported at St. Helen's and Wigan.

**Centennial Forum.**—Rev. Mr. Batty will address the Centennial Forum at 2:30 to-morrow afternoon on the subject of "What is Wrong With the World," and an interesting talk on this subject is promised.

## PEKING SOLDIERS ATTACK TEACHERS AND STUDENTS

Peking, June 4.—Several hundred students, teachers and others seeking an interview with the Premier concerning arrears in pay, to-day were attacked by soldier guards at the gates of the Cabinet building grounds. The soldiers used the butts of their rifles and several persons, including the director of the National Medical School and the Vice-Minister of Education, are reported to have been seriously hurt.

## JAPANESE TROOPS TO LEAVE ISLANDS

Police Force For Pacific Mandate Areas

Destroyers to Act as Guard Ships

Tokio, June 4.—The Naval Ministry, it is announced, has ordered the withdrawal of the garrisons in the islands of the South Pacific, including the Island of Yap, leaving the protection of the islands, including the wireless installation at Yap, to the police force attached to the civil administration.

Several destroyers, it is added, will remain in the waters as guardships. The action of the Japanese naval authorities, announced in the foregoing, was forecast in the Tokyo press, May 1. The navy, the newspapers then stated, was preparing to withdraw the principal garrisons of the Pacific islands held by Japan under mandate, and to place these islands in control of the Colonial Bureau.

## POLISH AIRMAN WAS EXECUTED

Declared to Have Sold Secrets to British

Warsaw, June 3.—Lieut. Ivanvilk, of the Polish Air Force, convicted of selling secrets to the British, was executed to-day by a firing squad at the Warsaw Citadel.

Lieut. Ivanvilk, who was employed at the War Office, was accused of stealing mobilization and other military plans for British agents. The court martial lasted three days. Soon after the address delivered in the House of Commons by Mr. Lloyd George in which he criticized Poland for not preventing the Upper Silesian insurrection, several Poles accused of being employed by British intelligence agents were arrested by the Polish military authorities. Lieut. Ivanvilk being one of them. The others are now being held for trial.

## MAN EXECUTED IN LIMERICK; ATTACKED POLICE

Limerick, June 4.—Thomas Keane, sentenced to death by a court martial on conviction of having been improperly in possession of arms and of having taken part in an attack on police at Singmaster, was executed to-day by a firing squad in the barracks here this morning.

As the execution was being carried out large crowds outside the barracks offered prayer and sang hymns.

## SAILORS INJURED BY RAIDERS AT VIRGINIA PORT

Old Point Comfort, Va., June 4.—A party of masked men boarded the United States Ship, the USS. Steamer Mitchell in Hampton Roads to-day and attacked the crew, badly injuring eight and slightly injuring several others. A naval detachment answered the Mitchell's call for help but before the bluejackets arrived the attackers had escaped.

## D. O'CALLAGHAN BELIEVED TO BE BACK IN IRELAND

Washington, June 4.—Donald O'Callaghan, Lord Mayor of Cork, who came here six months ago as a stowaway to testify before a self-constituted group which "inquired" into the Irish situation, is believed by officials of the Department of Labor to have returned to Ireland. O'Callaghan was given classification in this country as a seaman and allowed some time to leave the United States.

## FRENCH EXPORTS ARE DECREASING

Washington, June 4.—(Canadian Press).—In his monthly cable review on economic conditions in France the United States commercial attaché in Paris says that imports are increasing and exports decreasing. There has been a notable decrease, however, in the imports of raw materials. General building and construction activities remain comparatively inactive, although special activity is noted in the construction of lower priced dwellings and hydro-electric projects.

## HAPSBURG'S COOK LOOKS FOR JOB

New York, June 4.—Ludwig Urban, who carries credentials showing that he once prepared the food for Charles Hapsburg when that man was Emperor of Austria-Hungary, is in New York looking for a job. Urban declared even a chef suffered when an Emperor was overthrown, and he was able to travel only third class.

## NEUTRAL ZONE IN SILESIAN AREA

Gen. Lerond's Plan Being Carried Out

London, June 4.—The plan of General Lerond, head of the Inter-Allied Commission in Upper Silesia, for creating a neutral zone between the German and Polish forces is progressing, according to a dispatch to The London Times. A British battalion is said to have taken over the Lachschwitz sector. The region had been occupied by the German defence force.

The intention, it is declared, is to create a zone in which the carrying of arms by civilians will not be tolerated, the zone to be gradually enlarged by pushing forward troops in each direction. French soldiers to be sent against the Poles and British against the Germans.

**Fighting.**—Oppeln, June 4.—Fighting between Germans and Poles continues in the vicinity of Schimschew, about five miles northwest of Gross Strehlitz. The castle owned by Count Stahwitz has been burned. The British are gradually reinforcing their troops in the plebsic area, bringing in fresh troops and many tanks.

The Inter-Allied Commission for Silesia is reported to be considering the possibility of a truce here, so that clashes between the Poles and British may, if possible, be avoided.

## VON BISSING AT NIAGARA FALLS

Half-Brother of Late German General

Niagara Falls, Ont., June 4.—Some excitement was caused here yesterday by a guest at the hotel registering as "Von Bissing." It was rumored that he was General von Bissing, who was German Military Governor of Belgium during the last war, and under whose jurisdiction Miss Edith Cavell, the English nurse, was executed. However, in an interview he said General von Bissing was his half-brother and died four years ago. Mr. von Bissing said he was a British subject and had lived in London, England for thirty-five years.

Mr. von Bissing said if the Germans had read history they would not have precipitated the great war "The British," he said, "always win the wars."

## PEOPLE TO GET LIQUOR PERMITS

(Continued from page 1.)

**Sales Endorsed on Back.**—The permit is printed on light paper the size of an ordinary bank cheque. The back is marked with spaces for the endorsement of the date of purchase, quantity, description, place of sale and vendor's initials. Large numbers of these permits have been printed so that the Board will be well prepared against any emergency rush. The permit forms are being kept in a locked vault under the liquor vendor so that there will be no chance of improper issuance.

**Still in Business.**—Fisher & Leiser have now moved across Wharf Street to the old Hudson's Bay Company building, where they will continue in business. They will export from here to other parts of the country. Their present arrangements for importing will also likely continue, although under what changes it will not be known until after June 15.

## TOO LATE TO CLASSIFY

TWO quarter-acre lots, cleared, high good view, close to Wilkesboro station, \$120 each. Apply J. Greenwood, 2154 Government Street, (upstairs). Telephone 1638.

**FOR RENT.**—Unfurnished suite of 4 rooms and bathroom in Parkway Apartments, Cook and Pandora. Apply Brett & Ker, Ltd., 623 Fort Street, 25-17.

**MACHINES** for re-treading your own tires at home (price \$15) also vulcanizing plate, repairs puncture or blow out, \$1.50. Apply Peaslee Room 4, McGregor Block, View Street, at once.

### GUILD OF HEALTH

The annual meeting of the Guild of Health was held in the Cathedral schoolroom on May 18, Dean Quainton presiding.

Mrs. Christie, the secretary-treasurer, read an encouraging report of the year's work. Lectures have been

### Visitors Phone 7211

When you need a comfortable car, and see Brentwood, Alberni, the Lakes, etc., or the Georgian Circuit, with an experienced ex-service driver.

Terms Moderate

given by Mr. Rowe regularly throughout the year with the exception of a few weeks at Christmas. The president expressed his appreciation of Mr. Rowe's work and his assurance of continued success in the future. The secretary announced that as she contemplated leaving Victoria she would be unable to continue in office, and therefore handed in her resignation. This was accepted with the greatest regret.

The librarian, Mrs. Gray, read an excellent report showing that the library contains at present about sixty volumes on Divine Healing and kindred subjects, new books being added constantly.

The election of officers resulted as follows: President, Dean Quainton; Secretaries, Mrs. Pope and Mrs. Parkyn; Treasurer, Mrs. H. H. Smith; Librarian, Mrs. Gray.

Sixty cases of Scotch whisky, which is of great antiquity, included some of the most brilliant men of

## Canadian Weekly Press Delegates Will Visit Victoria Next Saturday

Notable Gathering of 350 to 400 Will Be Entertained  
Here After Convention in Vancouver; One Day On Island.

Forming what will be the third newspaper publishers' gathering to be welcomed to this city, the members of the Canadian Weekly Newspaper Publishers' Association to the number of 350 to 400, with their wives, will be the guests of Victoria on June 11 for one day. The party is of more than usual interest, as it will complete a chain of three prominent newspaper gatherings that together take in the greater proportion of the Anglo-Saxon speaking races of the world.

In 1919 a large gathering of the National Editorial Association of America was here, to be followed last year by the heads of the Imperial Press Conference from all over the Empire, including many of the most prominent men in the publishing world to-day.

This gathering is the first that has yet been held by this newly-formed weekly Newspaper Association in the Far West. The ostensible reason for the visit of the distinguished gathering is to hold a convention in Vancouver, commencing on June 9. The party comprises publishers and editors of Canadian weekly newspapers from Nova Scotia, Prince Edward Island, New Brunswick, Quebec and Ontario, and will pick up the western and mid-western representatives on their way through. The party is coming by a special train, made up through the courtesy of the C.P.R., G.T.R., and C.N.R. Railways, and left the East on June second, travelling West over the Canadian

National Railway, and will return by the Canadian Pacific Railway.

### At Various Points

Stops are to be made at every important centre on the way out, while the prominent party will not be allowed to miss the nature beauty spots of the Far West. Although only here for one day plans are already under way by the Victoria and Island Development Association, and the Victoria officers of the Canadian Press Association to provide amusement for the visiting hosts who will, it is anticipated, find much in the West that is new to them. The party is to arrive in Victoria on June 11, on the afternoon boat from Vancouver, and will depart for Vancouver on the afternoon boat on the following day.

While in this city they will be taken around the Saanich Peninsula in automobiles, and other plans for their entertainment are fast nearing shape.

## Ancient Office Dates From Fourteenth Century

Of all the offices associated with the British Parliament, few are invested with more dignity or surrounded with more traditional interest than that of the Speakership, an office held until recently by Right Hon. James W. Lowther, who will arrive in Victoria on Sunday.

Holder of the presiding office since 1905 until less than two months ago, Mr. Lowther has been one of the outstanding figures of the past few decades in the British House of Commons. Although

by virtue of his office he has necessarily refrained from active participation in politics for the past sixteen years, his magnetic personality, combined with his unflinching tact and diplomacy, has made him one of the most influential members of the House and his retirement was received with equal regret from Government and Opposition alike.

Elected for the Penrith riding of Cumberland in 1888, he represented that constituency on the floor of the House as an ordinary member until 1895 when he was appointed Chairman of Committees. His appointment to the Speakership followed the retirement of Viscount Selby, the W. C. Gairdner after the latter had held the office for ten years. Mr. Lowther has been Speaker under Conservative, Liberal and Coalition Governments.

### Brilliant Predecessors.

His predecessors in the office, which is of great antiquity, included some of the most brilliant men of

### Duties of Speaker.

The Speaker of the House of Commons is always a member of the House and though chosen by the members themselves (subject to approval of the Sovereign) from one of the great political parties, he never either votes (except in the case of a tie) or speaks in his capacity as a member during the time he holds office. His duty is to enforce the observance of the rules and maintain preserving order in the proceedings of the House; he puts every question and declares the determination thereon. As "mouth of the House" he communicates its resolutions to others, conveys its thanks and expresses its censures, its reprimands or its admonitions. He issues warnings for executing the orders of the House, as the commitment of offenders, the issue of writs, the attendances of witnesses or prisoners in custody.

### Usually Created Peers.

The symbol of authority is the mace, which is borne before him by the sergeant-at-arms when he enters or leaves the House; it reposes on the table when he is in the chair and accompanies him on all State occasions. The Speaker takes precedence of all commoners in the kingdom both by ancient custom and by legislative declaration. His salary is £5,000 a year.

It is usual to create a retiring Speaker a peer of the Realm, generally with the rank of Viscount, and it is understood that Mr. Lowther will be thus honored on his return to England.

### 'TEEN AGE GIRLS

Macaulay Point Is the Scene of a Picnic.

Yesterday Macaulay Point was the scene of the picnic for the Canadian Girls-in-Training groups of the city. About 100 attended.

After partaking of the noonday meal, a programme of sports was carried out, with the following results:

Running races—(a), 12-14 years, Florence Collins; (b), 14-16 years, Iris Philbrook; (c), 16-20 years, Winnie Nichols.

Three-legged—(a), Treasie Gilliland and Dorothy Mortimer; (b), Daisy Boyd and Joyce Rees.

Needle threading—(a), 12-14 years, Norris McPhee and Mary Hood; (b), 12-15 years, Joyce Caves and Eva McLennan.

Relay race—(14-16), Irene Whitfield, Isabel Crawford, Iris Philbrook, Marjorie Breckenridge; (12-14), Joyce Cane, Mabel Stoddart, Eva McLennan and Ethel Nichols.

Baseball throw—(16-20), Isabel Crawford; (12-16), Marjorie Breckenridge.

Relay race—Rose Kong.

The prizes were presented by Mrs. A. J. Daniels, acting president of the co-operative committee on Girls' Work, during the supper hour.

Small Pill—Small Dose—Small Price

## SHOWS REVENUE FROM TAX LAND

Sale of Reverted Property  
Produces \$85,000

Reverted land sold by the city produced a gross revenue of nearly \$85,000, according to a report submitted to the civic Reverted Lands Committee by the City Engineer W. G. Cameron yesterday afternoon.

Mr. Cameron reported that in 1920 twenty-eight lots were sold for \$48,430.73, and on these \$48,430.73 was owing in taxes. This left a balance over the upset price of \$2,136.45. The sales this year up to May 31 involved thirty-one lots with twelve houses for a total price of \$36,488. On this land there was owing in taxes \$29,272.25. The profit over the upset price was thus \$7,215.75. The city received \$16,582 in cash for the 1921 sales.

The Reverted Lands Committee will submit a report based on Mr. Cameron's figures to the City Council Monday night.

The list of the property offered for sale by the city was drawn up by Mr. Cameron in five divisions, as follows: No. 1—571 lots from 1919 tax sale. That lots in this schedule, with the exception of lots in No. 5, be offered forthwith for sale.

No. 2—21 lots from 1915 tax sale. These lots to be included, and offered for sale, with No. 1.

No. 3—45 lots, Douglas Street property. The committee has prepared lists giving full details of all the different conditions existing as to property taxes, charges, etc., on this street, and is very carefully considering as to the best plan to be followed in order to bring this property back into the revenue-producing class.

No. 4—lots, the former Douglas-Scott-Boss estate. Committee states that little progress has been made in dealing with this property. Negotiations, however, are being carried on, and tentative propositions have been made.

No. 5—57 lots, reserved for the time being. The committee reported to the City Council a short time ago, and it was decided to transfer a number of these lots to the sale list. Others were turned over to the Parks Committee for park purposes. The balance are still reserved, and the City Engineer has been instructed to consider what improvements to corners and streets can best be made in connection with these lots.

A detailed record is kept of all lots sold. As each sale is made the lot is checked off the roll, map and sales list. Each sale is reported separately to the Finance Committee, City Collector, and the City Assessor, with full particulars as to roll and lot numbers, block, section, location, price, terms, full name, occupation and address of purchaser.

### City Building Property.

The city owns 48 buildings, consisting of dwellings, stores, warehouses, etc., all occupied. The rent receipts at present amount to about \$600 per month. The looking after and maintaining of all these buildings in connection with repairs, changing tenants, water rates, collection of rents, etc., takes considerable time and attention. Early in the year the committee had six vacant houses; two were repaired, and of the six four were sold and two rented.

Mr. Cameron stated: "As the Greater Food Production Act, under which vacant lands could be conscripted, was not in force till March 1921, I was instructed by the City Council to allow the increased Production Committee the use of city-owned vacant lots. In co-operation with A. Gough, secretary of the com-

mittee, we have arranged for the free use of over 100 lots, which I understand are being cultivated with prospects of good returns.

"On investigation I found billboards occupying seven locations on eleven city lots, for which the city was not receiving rent. Arrangements are now being made whereby back rent will be paid and terms fixed for the future. There are prospects of some rental for use of city property in connection with the woodyards.

"Arrangements have been made whereby the Reverted Lands Department is to be credited with \$1,000 for sand and gravel to be removed from lot 126, southwest corner of Howe and Faithful Streets, for use in street work. The City Engineer is to have the use of five vacant lots for storing material.

"I was instructed by the Council to have condemned buildings on eight city lots torn down and removed. Cash to the amount of over \$200 was received for old material. Balance of work will be carried out without expense to the city.

"To anyone familiar with work of this nature it will be readily understood that to make sales of this amount of \$26,488, and to attend to the renting of buildings, collection of rents, etc., besides arranging for the use of lots for increased production, many personal interviews are necessary. In connection with the buildings, most of which have been allowed to revert to the city by their

## OLD AGE

Do you know a man or woman getting on in years, whose life is made a torment by swollen joints, gravel, stone, painful urination, backache or sciatica? If so, you can perform a charitable act by telling them that Gin Pills will surely bring relief and a healthy old age.

A prominent consulting engineer writes us: "Your remedy, I find at 60 years of age, to give me perfect relief from kidney and bladder troubles. I urgently recommend them to friends of my age as being the only thing that does me good." You don't have to buy Gin Pills to try them. Write for a free sample National Drug & Chemical Co. of Canada, Ltd., Toronto, Ont. U. S. Address: Na-Dru-Co., Inc., 802 Main Street, Buffalo, N.Y.

## The Joy of Living

Do you feel like  
these children in  
the morning, full of  
energy and buoyant  
spirits?

Do you get up refreshed by your night's sleep ready for anything the day may bring forth?

You should and you may if the simple rules of health are observed.

It is possible that by some excess in eating, or over-exertion, your heart has not been working with its accustomed regularity, and you are not getting undisturbed and refreshing slumber.

Your sleep may be broken with terrible dreams, smothering spells, sinking sensations, and even fear of impending death.

Milburn's Heart and Nerve Pills have brought relief to hundreds of such cases.

Milburn's Heart and Nerve Pills enrich the blood, strengthen the heart and tone up the nerves, making the whole organization work in harmony, and bringing back in a few days that blessed condition where you sleep as peaceful as a child and hail with joy the return of another day.

Mr. Harold Acker, Springfield, N.S., writes: "I was bothered all the time with nervous headache and dizziness. I could not stoop down at times, as everything would get black before my eyes. I could not sleep at night, and my appetite was very poor. I was almost on a nervous breakdown. I used four boxes of Milburn's Heart and Nerve Pills and they helped me fine. I would recommend them highly to any person troubled with their heart or nerves."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by
